Walk Your Way To Better Dance Lawrence Hostetler, 2011-12-09 Lawrence Hostetler's 1942 book *Walk Your Way to Better Dancing* presents a complete and clear picture of each ballroom dance that will serve as a guide for both the leader and the one following. The book is illustrated with diagrams and reproductions from photographs. *The Entanglement* Alva Noë, 2023-06-27 In *The Entanglement* philosopher Alva Noë explores the inseparability of life, art, and philosophy and argues that we have radically underestimated the significance of this long recognized but underappreciated reality, which he refers to as the entanglement. The core of *The Entanglement* is the idea that human existence is inextricably aesthetic and philosophical. In the first half of the book, Noë offers a detailed examination of pictures and seeing, writing and speech, and choreography and dancing, which serve as case studies and the base in which the phenomenon of entanglement is set. In later chapters, Noë deepens this analysis by exploring the nature of the aesthetic itself and its place in our lives, examining what the entanglement can teach us about science and, in particular, the project of applying science in the domain of the human. In these later chapters, he covers a range of topics including sex, gender, and the body, psychology, and AI, the problem of style, and the nature of nature. Drawing on his work in perception, consciousness, and the philosophy of art, Noë offers a new model for thinking about the nature of the human, the limits to what a natural science of the human can do on its own, and the irreplaceable importance of art and philosophy for the larger project of studying and understanding ourselves. **Better Homes and Gardens**, 1930 **Ambient Intelligence - Software and Applications** Paulo Novais, Gianni Vercelli, Josep L. Larriba-Pey, Francisco Herrera, Pablo Chamoso, 2020-09-09 This book includes the outcomes of the 11th International Symposium on Ambient Intelligence ISAmI 2020. The 11th International Symposium on Ambient Intelligence is hosted by the University of L'Aquila and is going to be held in L'Aquila, Italy. Initially planned on the 17th to the 19th of June 2020, it was postponed to the 7th to the 9th of October 2020 due to the COVID-19 outbreak. *The Salsa Dancer's Missing Manual* Raul Avila, 2010-04-02 How salsa dancers can gain a deeper understanding of the music and the dance and become better connected and musical dancers. *Dance Legacies of Scotland* Mats Melin, Jennifer Schoonover, 2020-12-30 *Dance Legacies of Scotland* compiles a collage of references portraying percussive Scottish dancing and explains what influenced a wide disappearance of hard shoe steps from contemporary Scottish practices. Mats Melin and Jennifer Schoonover explore the historical references describing percussive dancing to illustrate how widespread the practice was, giving some glimpses of what it looked and sounded like. The authors also explain what influenced a wide disappearance of hard shoe steps from Scottish dancing practices. Their research draws together fieldwork references from historical sources in English, Scots, and Scottish Gaelic and insights drawn from the authors' practical knowledge of dances. They portray the complex network of dance dialects that existed in parallel across Scotland and share how remnants of this vibrant tradition have endured in Scotland and the Scottish diaspora to the present day.
