Betty Watson, Paintings Betty Watson, 1999-10-01 **Rising Venus** Kelly Cherry, 2002-02-01 With *Rising Venus* Kelly Cherry reveals the fearsome beauty vulnerability and complexity of women's experience Cherry masterfully re-creates the full spectrum of the female psyche from looming madness to harrowing self-knowledge made bearable even exhilarating through the poet's remarkable range and skill The book's journey is an ascension from mysterious and overwhelming depths of despair and anguish to a place of peace and perspective Beginning with *Adult Ed 101 Basic Home Repair for Single Women* Cherry asserts Ladies you are about to find out just how much really rough weather your house can take Probing the emotional extremes of woman's life as daughter mother wife lover and working woman poems like *Lady Macbeth on the Psych Ward* open a frightening chasm beneath the reader yet steady and reassure with the bravura of poetic compression That fearless art inhabits the role of *An Other Woman* and then explores the status of woman as aesthetic object whether of the male gaze cultural perception or her own observation she sees the long-haired girl she used to be in boots and mini dress apart and watchful as in a redoubt in a room in a painting in a room or as if in a poem turned inside out *The Model Looks at Her Portrait A Retrospective* A passionate turbulence gives way to acute and delicate observations on art and myth and strikingly original insights into tradition and context Thus in *Sunrise* A sky as blue as if it were The backdrop for a Renaissance *View of the Ascension* becomes a representation of that miracle itself figured by the miracle of dawn a morning Risen from the night The title poem revises the classic view of Venus to speak of another miraculous ascension a woman's hard-earned rise into her own sense of self Myth is the portal through which we pass becoming human at last rising out of dream and desire to realms of reality where love a woman by Jove survives strong and free engendering her own destiny

Representing Education in Film David Resnick, 2018-01-08 This book presents an incisive analysis of how fundamental issues in education are portrayed in film Focusing on recent films the author draws on a wide range of educational thinkers and fields of research to examine issues not discussed before Resnick challenges our assumptions and enriches our general knowledge on critical issues like funding for arts education what we mean by successful civic education and the educational value of sports This project which includes topics such as the gender gap in civic education religious education and what animated films have to say about human education can serve as a viewer's guide to selected educational issues in film and may spur the intelligent use of films in public debate **Cosmos Screen** Perry Kelly, 2013-05 *Cosmos* is a flower *Cosmos Screen* is a patch of cosmos flowers observed at the age of five iconic pleasant first memories for the author It is from this screen that he relates the story of his life It is also the screen beyond which he relates something of his ancestry The story follows the author from that cosmos screen in rural southern Alabama in 1930 through the Great Depression of the thirties World War II his college years then through his professional development as an artist educator and describes his travels to forty-six countries Throughout all of this the author threads stories of his secret struggles to satisfy his sexual desires while

maintaining the secret of his and his older brother's homosexual life. Religion, racism, homophobia, and poverty are described as issues against which the author struggles along with the alienation that these issues develop for the author and for his brother.
