loss reduction in cancer risk and improved musculoskeletal strength are some of the better known. But when you're working out at home you're responsible for the whole plan. What exercises should you do? How many reps of each? How often should you rest? Are you feeling a cardio workout? An upper body workout? Or do you want to fit in a total body workout instead? For many of us, answering all these questions is an added stress we'd rather avoid right now. And the good news is that's something you can avoid without skipping your workout. We are about to show you an immaculate at-home workout program that takes the guesswork out for you and will give you the whole exercise plan.

Home Fitness Blueprint Alexis Harding, 2026-01-19. Do you want to get fit, build strength, and stay consistent without going to the gym?
