Active Index Investing Steven A. Schoenfeld,2011-08-04 For over three decades indexing has become increasingly accepted by both institutional and individual investors Index benchmarks and investment products that track them have been a driving force in the transformation of investment strategy from art to science Yet investors understanding of the sophistication of this burgeoning field has lagged the growing use of index products Active Index Investing is the definitive guide to how indexes are constructed how index based portfolios are managed and how the world s most sophisticated

investors use index based strategies to enhance performance reduce costs and minimize the risks of investing Active Index Investing provides a comprehensive overview of 1 the investment theories that are the foundation of index based investing 2 best practices in benchmark construction 3 the growing world of index based investment vehicles 4 cutting edge index portfolio management techniques and 5 the myriad ways investors can and do capture the benefits of indexing Active Index Investing has a unique format that captures the views and perspectives of over 40 of the investment industry's leading experts and practitioners while maintaining a holistic view of this complex subject matter In addition to the Appendix and Glossary within the book it features an Appendix available at www.IndexUniverse.com [An effective tool for promoting local growth and competitiveness?](#) Gary Bland, Peter Vaz, 2017-04-17 This article examines the sustainability of the subnational business environment index BEIs as a development tool for subnational promotion of private sector growth and competitiveness We define sustainability as the BEI's continued application after its external support has been concluded The 13 BEIs examined here have been largely financed by international aid agencies over the past decade We compare the main features of all the current or recent subnational BEIs we could locate covering countries in Asia Eastern Europe and Latin America We discuss their origins financing conceptual approaches methodological parameters intergovernmental linkages and longevity A few of them have been applied repeatedly as intended by index proponents but nearly half of the indices have been discontinued Two are eminently sustainable and another appears to be The apparently successful index in El Salvador is highlighted We conclude that indices face serious limitations including politicization weak business sector interest lack of local funding and need for an impartial sponsor Yet indices do show some promise for reform where the index is well developed and where conditions that appear favorable to their successful utilization apply that is in countries with a strong private sector governmental interest and an open economy
