Vacation Rental Revolution James McCullough, 2020-02-28 Combining my experiences in the hospitality industry and the knowledge I have gained over the years with running a vacation rental I decided to create a short ebook to help introduce vacation rentals to people that may be interested It is written for people with no knowledge of the hospitality industry keeping it as simple as possible The short introduction to the book is found below but the book is divided into seven steps

- 1 PREPARE Is operating a vacation rental for you The challenges ahead and how to make smart decisions
- 2 RESEARCH How many rentals are near you What types of rentals How is tourism
- 3 SPACE Time to prepare your space but with what furnishings What else do you need to have to impress
- 4 PRICE What prices are other vacation rentals What is your break even point What is your longterm plan
- 5 EXPENSES How best to control your expenses Potential problems and how to avoid them
- 6 MARKETING How will people discover your property How do you help them return to you in the future
- 7 LAUNCH How to make the launch of your marketing materials go smoothly and what happens after that first reservation arrives

There is a global trend happening that is scaring many in the hospitality industry people are starting to stay away from the large hotels and wanting a more personable stay The hunt is on for individual experiences a story that can be shared with their friends and family People are seeking out two different types of places to stay boutique hotels and vacation homes The latter allows for the most personable experience and is exploding in popularity It is a hospitality revolution A great shift in booking trends that is being experienced around the world all at the same time People are booking spaces of all sizes and varieties condos whole homes a bedroom a houseboat and villas able to accommodate 40 people You can find these spaces in all corners of the world from the Klondike Gold Rush town of Dawson City Yukon the remote Easter Island to Kigali Rwanda The best part is there is always space for more homes and properties to jump in to be a part of the global trend not to be excluding from it Creating that experience for these travellers is just as rewarding for the owners of the vacation rental Meeting people from other parts of the world sharing stories about your individual journeys and sharing the city you live in with others can bring a great joy within you that can t be found elsewhere One of the most rewarding experiences is telling someone a place you enjoy eating at or visiting and then having them repeat their positive experience back to you A journey created by both parties that starts at your own home Not only is operating a vacation rental rewarding for your personal enjoyment it can be financially lucrative Depending on how large of a space you are willing to share with others it can pay for your monthly expenses your monthly mortgage payments or become a major source of income With the global trend moving to these smaller spaces the potential to earn income with a rental property is going to exist for a long time yet That is a great positive for anyone looking to explore the possibility of operating your own rental property There are seven steps that lead towards joining this revolution The purpose of this small book is to lead you through those steps giving you some ideas on what to expect what to prepare for and to help you decide whether to make the leap to join in It is not the ultimate guide in how to operate your property With the variety of properties available to stay in there are equally as many ways to operate them The
