James Lauren Ford

Better Sort:

The Storm Before Atlanta Karen Schwabach, 2011-12-13 At a time when most people have grown weary of the war between the states two young children are desperate to find their way to the battlefields Jeremy DeGroot wants nothing more than to join a troop as a drummer boy For Dulcie a runaway slave freedom means she must head directly toward the fighting in the hopes that she'll become contraband that is property of the Union troops Both Jeremy and Dulcie find a place with the 107th New York Volunteer Regiment and even start to forge a friendship But all that is threatened when they cross paths with the mysterious Charlie a young Confederate soldier who may look like the enemy but feels more like a friend Young readers who like their fiction filled with exciting historical details rich characters and action packed adventures will be drawn to *The Storm Before Atlanta*

Urban Rehearsals and Novel Plots in the Early American City Elizabeth Klimasmith, 2021 Explores how early American Republic literary texts about urban life played an important role in constructing urban spaces and identities in the young United States and how books allowed readers to access and practice being urban

The Spectacle of Intimacy Karen Chase, Michael Levenson, 2009-08-15 Love of home life the intimate moments a family peacefully enjoyed in seclusion had long been considered a hallmark of English character even before the Victorian era But the Victorians attached unprecedented importance to domesticity romanticizing the family in every medium from novels to government reports to the point where actual families felt anxious and the public developed a fierce appetite for scandal Here Karen Chase and Michael Levenson explore how intimacy became a spectacle and how this paradox energized Victorian culture between 1835 and 1865 They tell a story of a society continually perfecting the forms of private pleasure and yet forever finding its secrets exposed to view The friction between the two conditions sparks insightful discussions of authority and sentiment empire and middle class politics The book recovers neglected episodes of this mid century drama the adultery trial of Caroline Norton and the Prime Minister Lord Melbourne the Bedchamber Crisis of the young Queen Victoria the Bloomer craze of the 1850s and Robert Kerr's influential treatise celebrating the ideal of the English Gentleman's House The literary representation of household life in Dickens Tennyson Ellis and Oliphant among others is placed in relation to such public spectacles as the Deceased Wife's Sister Bill of 1848 the controversy over divorce in the years 1854 1857 and the triumphant return of Florence Nightingale from the Crimea These colorful incidents create a telling new portrait of Victorian family life one that demands a fundamental rethinking of the relation between public and private spheres

Works Robert Louis Stevenson, 1910

Urban Rehearsals and Novel Plots in the Early American City Betsy Klimasmith, 2021-11-04 *Urban Rehearsals and Novel Plots in the Early American City* sheds new light on the literature of the early US by exploring how literature theatre architecture and images worked together to allow readers to imagine themselves as urbanites even before cities developed In the four decades following the Revolutionary War the new nation was a loose network of nascent cities connected by print Before a national culture could develop local city cultures

took shape literary texts played key roles in helping new Americans become city people Drawing on extensive archival research Urban Rehearsals argues that literature particularly novels and plays allowed Bostonians to navigate the transition from colonial town to post revolution city enabled Philadelphians to grieve their experiences of the 1793 Yellow Fever epidemic and rebuild in the epidemic s aftermath and showed New Yorkers how the domestic practices that reinforced their urbanity could be opened to the broader public Throughout attention to underrepresented voices and texts calls attention to the possibilities for women immigrants and Black Americans in developing urban spaces while showing how those possibilities would be foreclosed as the nation developed Balancing attention to canonical texts of the early Republic including The Power of Sympathy Charlotte Temple and Benjamin Franklin s Autobiography with novels whose depiction of early cities deserves greater attention such as Ormond The Boarding School Monima and Kelroy this volume shows how US cities developed on the pages and stages of the early Republic building urban imaginations that would construct the nation s early cities
