**Normativity** Judith Jarvis Thomson, 2015-12-20 Judith Jarvis Thomson's Normativity is a study of normative thought. She brings out that normative thought is not restricted to moral thought. Normative judgments divide into two sub-kinds: the evaluative and the directive, but the sub-kinds are larger than is commonly appreciated. Evaluative judgments include the judgments that such and such is a good umbrella, that Alfred is a witty comedian, and that Bert answered Carol's question correctly, as well as the judgment that David is a good human being. Directive judgments include the judgment that a toaster should toast evenly, that Edward ought to get a haircut, and that Frances must move her rook, as well as the judgment that George ought to be kind to his little brother. Thomson describes how judgments of these two sub-kinds interconnect and what makes them true when they are true. Given the extensiveness of the two sub-kinds of normative judgment, our everyday thinking is rich in normativity, and moreover, there is no gap between normative and factual thought. The widespread suspicion of the normative is therefore, in large measure, due to nothing deeper than an excessively narrow conception of what counts as a normative judgment.

**My Soul Cries Out** Sherri L. Lewis, 2013-06-20. Monica Harris Day's perfect world begins a downward spiral. The afternoon she comes home to find her husband in bed with another man. After confronting Kevin, her husband of two years, Monica discovers he's had a lifelong struggle with homosexuality that began at the age of ten after he was molested by a deacon in the church. For years, Kevin has sought deliverance, crying out to God to make him straight. He explains his deceit by saying that he thought he had truly been delivered when he married Monica but was afraid to share his past with her for fear she wouldn't marry him. Kevin begs Monica's forgiveness and wants to save their marriage. He is convinced that God has indeed delivered him from the spirit of homosexuality and that the one-time mistake was just his past coming back to haunt him. Their pastor offers them marital counseling, but Monica suspects he's really concerned about maintaining his mega-ministry. The church has grown to 10,000 members since Kevin became the minister of music. When the pastor swears them to secrecy and urges Monica to stay in the marriage, she thinks Bishop Walker isn't willing to risk the potential scandal and church split that would be caused if the truth were leaked to the congregation. *My Soul Cries Out* is a compassionate look at the issue of Christians struggling with homosexuality and the redemptive power of God to bring deliverance.

**Logic in the Wild** Patrick Girard, 2024-05-14. Is logic a good tool for making decisions? Can it make us better listeners and help us find coherence in views that we disagree with? Is Sherlock Holmes actually good at logic? Patrick Girard addresses these and other questions by presenting logic as the guardian of coherence. Logic Girard argues finds coherence in the patterns of reasoning across science, religion, and everyday decision-making. It helps communities engage safely by replacing contentious debates with shared, constructive reasoning. Logic provides neutral ground for the healthy pursuit of common goals and interests. Logic

in the Wild employs common sense language eschewing technical jargon symbols and equations Girard's attention focuses on logic's power to find what unites the complex and the simple the abstract and the concrete the theoretical and the practical In treating logic not as a passive subject to learn but as an active discipline to engage with Logic in the Wild teaches us to identify patterns in our own reasoning which inevitably helps us better confront questions central to everyday life
