Between Earth And Paradise:

Between Earth and Paradise Mike Tomkies, 2021-07-06 One man's search for peace and beauty in an increasingly frenetic world has never read so well or so evocatively Eifion Rees Shooting Times Country Magazine After giving up a hectic life as a journalist in Europe and Hollywood in the late 1960s to return to his boyhood love of nature Mike Tomkies moved to Eilean Shona a remote island off the west coast of Scotland There he rebuilt an abandoned croft house and began a new way of life observing nature He tracked foxes and stags made friends with seals and taught an injured sparrow hawk to hunt for itself It was the indomitable spirit of this tiny bird that taught Tomkies what it takes for any of us to be truly free Whether he was fishing growing his own food or battling through stormy seas in a tiny boat he learned that he could survive in the harsh environment This is the astonishing story of daring to take the first step away from urban routines and embracing a harsh yet immensely rewarding way of life which in turn led Tomkies to an even more remote location and inspired an acclaimed series of books on various animals and the challenges and joys of living in remote places The awesome extent of his struggle to build an uncomfortable but self supporting writer's life alone in an isolated crofter's cottage is vividly and lyrically described Sunday Express A treasure house of outdoor knowledge It should be read slowly to fully appreciate its value Rennie McOwan Scots Magazine

Between Earth and Heaven Dawn Langman, 2021-11-10 In this third volume in The Actor of the Future series Dawn Langman continues to explore the integration of Steiner's research into speech drama and eurhythm with Michael Chekhov's acting methodology Her advanced applications of all the basic processes allow the art of the actor and speaker to evolve beyond the soul and body paradigm still broadly accepted in contemporary culture to include dimensions of the spirit The book contains a seminal analysis of comedy and tragedy showing how an understanding of their esoteric roots sprung from the Eleusis mysteries of ancient Greece deepen our appreciation and our ability to implement the practical suggestions made by Steiner and Chekhov to differentiate the fundamental styles A comprehensive exploration of the vowels in relation to planetary beings lays the foundation for many layers of artistic deepening and application Dawn Langman gifts us with yet another magnificent contribution to her book series developing an integrated acting technique based on the indications of Rudolf Steiner and Michael Chekhov in which actors become the work of art Venturing even further into the deeper alchemical mysteries of the work Langman leads us into an imagination of future theatre that includes a genuine experience of the I AM the origin of comedy and tragedy Dante's Paradiso as example of how we can experience the planetary spheres in word and gesture and much more inspiring the unfoldment of actors of the future Dr Jane Gilmer actress and teacher author of The Alchemical Actor 2021 and former Assistant Professor of Drama VPA National Institute of Education Singapore In this present volume Dawn Langman continues her in depth exploration of the integration of Michael Chekhov's system of psycho physical awareness with Rudolf Steiner's indications for creative speech and eurhythm In so doing she genuinely models both teachers emphasis on experimentation and exploration absent the dogmatism sometimes
