HOW to MAKE MONEY DROPSHIPPING: on Autopilot Do the Work Once and Profit Forever Brian Graves, 2017-09-13. What's better than passive income? I set this drop shipping method up where I am bringing in decent income BUT only work 3-5 hours per week to do it, and that's just to drive traffic. The rest is totally automated. Join me to learn how. My Method is NOT about going around trying to find the best product on AliExpress, eBay, Amazon, etc. They work, of course, and I do use them, but this method is about a drop shipper. NO ONE is using to make the entire process automated. How many people's courses have you bought online that can say that I love passive income and will show you exactly how I do it? None of the following are needed: No Design skills, No Programming or Coding, No Technical Madness, No Prior online experience, No full-time hours, No Inventory is ever needed at your house. EVER. Yes. AUTOMATED. Let's say you sell an item for \$35. This may seem small, and it is, but just think: if you made only 10 sales per day, that is \$350 per day. That is over \$10,000 in profit every single month. Now all the sudden that \$35 is looking pretty good, right? But the truth is you won't have to have 10 orders to make that much because you will have other products in your store. Who goes to the store and just buys 1 item, right? So let's say your average sale gets you around \$70 profit. Now you only need 5 sales a day to make \$10,000 a month in profit. Seriously, 5 sales a day, and this is passive stuff. Of course, that isn't the max that you can do. No

one is stopping you from doing 10 sales a day or 50 sales a day My method will fill your store with hundreds and hundreds of unique custom products within minutes the more things you have in your store the more you will sell the higher your average checkout will be that is the truth You want everything you do online to be hands free automated as possible You do NOT want to spend 60 hours a week uploading pictures setting prices created pages in your store finding things to sell handling sales shipping product That s why you NEED my course to show you how I automate the entire process PLUS I am going to show you a totally unique and super cheap way to drive traffic to your store We are getting a 400% ROI with this traffic It s an easy method to set up and you could be running with it by tonight So Let s Recap I am going to show you how to set up a totally automated drop shipping store Plus you are going to learn how to drive traffic to your store Everything is covered to get you up and running within hours All that s left to do is hit the buy button and get started TODAY

Dropshipping Mark Blue,2020-04-14 DescriptionDo you want to start and grow your shopify and online store from home in 2020 Are you ready to make money online from beginner to expert in no time If yes then keep reading Dropshipping is an e commerce business model that enables a company to run without having a store In dropshipping a company sells online yet it does not maintain any inventory have as a warehouse to keep its products and it is not in charge of shipping the product bought to the consumers Before the internet being able to work from home while turning a profit was not an obtainable option for most people With the introduction of the World Wide Web to millions of personal computers all over the world the ability to make money without leaving your home has become an increasingly popular and mainstream option for the entrepreneurs of today E commerce is simply the practice of completing a commercial transaction for a product or service over the internet Time geographical location and distance from each party involved are all limitations that generally do not exist when dealing with an online sales transaction Increasingly more brick and mortar stores are opting to move their businesses partially and even in some cases completely to the internet People always need to buy goods and services and having the ability to complete transactions online opens up a much larger customer base than a physical storefront could ever hope to offer You might be wondering why you should pick dropshipping ahead of the countless other online and offline businesses you can equally do It is always important to find out the benefits of anything what that thing can offer you that will be of value before venturing into it Starting any new venture requires some amount of commitment in time and finance The big question is why should you bother Well to help you decide better here are some of the numerous benefits of online dropshipping It greatly reduces startup risk Very Low Startup Cost It is highly scalable Dropshipping can be completely automated There is no scarcity of manufacturers and suppliers Dropshipping online enjoys a global reach Access to a vast pool of products High profit potential Business Flexibility Is It Really Worth Your Time and Effort The answer is a resounding yes E commerce has taken over the world and the dropshipping business model fits in well as the world markets move faster The retail giants of a few decades ago are floundering as people now prefer to shop online and have their purchases delivered to them directly This book covers
