## De Lempicka:

**Tamara de Lempicka** Tamara de Lempicka, Musée des années 30 (Boulogne-Billancourt, France), 2006 Tamara de Lempicka a beautiful and provocative artist was a star of the period between the great wars an iconic symbol of the era This is a monograph of the artist and her work *Tamara de Lempicka* Tamara de Lempicka, 1978 **The Grove Encyclopedia of American Art** Joan M. Marter, 2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries **Concise Dictionary of Women Artists** Delia Gaze, 2013-04-03 This book includes some 200 complete entries from the award winning Dictionary of Women Artists as well as a selection of introductory essays from the main volume *The Modern Woman Revisited* Whitney Chadwick, Tirza True Latimer, 2003 Between the two world wars Paris served as the setting for unparalleled freedom for expatriate as well as native born French women who enjoyed unprecedented access to education and opportunities to participate in public artistic and intellectual life Many of these women including Colette Tamara de Lempicka Sonia Delaunay Djuna Barnes Augusta Savage and Lee Miller made lasting contributions to art and literature **Women Artists in Interwar France** Paula Birnbaum, 2011 Incorporating recent theories of feminism and diaspora *Women Artists in Interwar France Framing Femininities* returns the Socié des Femmes Artistes Modernes known as FAM to its proper place in the history of modern art Paula Birnbaum's study explores how FAM artists including Suzanne Valadon Marie Laurencin and Tamara de Lempicka approached the self portrait motherhood and the female nude as well as their response to marginalization and the reactionary politics of 1930s France *Tamara de Lempicka* Laura P. Claridge, 1999 An icon of the Jazz Age Art Deco painter Tamara de Lempicka lived a life well worth recording Until now however no one has written the story of this woman of extraordinary talent and notoriety She was a great beauty an aristocratic refugee of the Russian Revolution and a frankly erotic painter who insisted upon Renaissance aesthetics figuration and painterly craft in modern art The sky high prices attached to her canvases in recent years have still not dispelled the suspicions that a woman of Lempicka's glamour and fame could be a truly serious artist Yet the reviews of the early twentieth century tell a different story her work was routinely singled out as competing with major figures of the School of Paris including L ger Lauren in Kisling and Picasso In this first critical biography Laura Claridge draws upon her exclusive access to Lempicka's family friends and archives to re create the life that the painter carefully withheld even from her own daughter the truth of her birth her escape from Bolshevik Russia her determination to become a New Woman her lifelong bouts of depression her numerous affairs with the women and men she painted her flight from Nazi Europe via Havana and her years in Hollywood and New York as the Baroness with a brush all informed by the artistic integrity and social anachronism that condemned her to being written out of the canons of modern art Emblematic of 20s excess and indulgence Tamara de Lempicka's life of great wealth indiscriminate sexuality and endless intrigue makes for a fascinating narrative But her paintings have inspired fierce disagreements over issues of class wealth and gender in modern

art making her work ripe for critical re evaluation In Tamara de Lempicka A Life of Deco and Decadence Laura Claridge has succeeded brilliantly on both counts bringing to light the contradictions that fueled the life and work of this provocative painter Though Paris in the early twenties certainly earned its bohemian reputation Tamara was playing the game hard by anyone s standards It seemed to her that she could have it all respect money and sexual gratification on the side She had arrived at the Gare du Nord only four years earlier gifted with a painter s talent and a family history of feminine power Encountering a cultural climate that affirmed art as a remunerative career for women she also felt freed personally by the Modernist mantra to make it new that underwrote every aspect trivial and profound of daily life She was determined to embody that icon of the age the new woman

**Tamara de Lempicka** Laura Claridge,2001 *Lempicka* Patrick Bade,2020-07 The smoothly metallic portraits nudes and still lifes of Tamara de Lempicka encapsulate the spirit of Art Deco and The Jazz Age and reflect the elegant and hedonistic life style of the wealthy glamorous and privileged elite in Paris between the wars Combining a formidable classical technique with elements borrowed from Cubism de Lempicka s art represented the ultimate in fashionable modernity while looking back for inspiration to master portraitists such as Ingres and Bronzino This book celebrates the sleek and streamlined beauty of her best work in the 1920s and 1930s and traces the extraordinary life story of this talented and glamorous woman From her early years in turn of the century Poland and Tsarist Russia the text explores her glory years in Paris through to her long years of decline and neglect in America and her triumphant re discovery in the 1970s when her portraits gained iconic status and world wide popularity

**The Major Works of Tamara de Lempicka** Tamara De Lempicka,1978 *De Lempicka* Gilles Néret,Tamara de Lempicka,2000 De Lempicka stood at the center of the sophisticated Paris art world of the 1920s and 30s Her love for beautiful women elegant automobiles and the modern metropolis provided not only motifs for her pictures but also influenced her artistic style She pioneered a new image of life on the screen evident in the new self confident woman and the changing aspects of femininity and masculinity

*Tea, Automatons, and Time Machines* Misti McCanna-Porter,2024-04-02 Contemporary art must get inspiration from somewhere In Tea Automatons and Time Machines the subculture of Steampunk art is studied in relation to art history Addressing three main topics within social and environmental justice a comparison of art styles and creativity stems from an artist s passion within popular culture Using arts based research methods and personal introspection viewed through the lens of nostalgia a unique perspective of art history studies comes to life Nostalgia being primarily a psychological study is used as a lens to view art culture and memoir into a complete research project We live in a world in need of change Historically artists have provided a means for change through their work and the lives they choose to live The vastness of art history provides plenty of room for inspiration and interpretation In this study the contemporary sub culture of Steampunk looks nostalgically at Arts and Crafts Art Nouveau and Art Deco eras in a way that paves the way for social change and environmental preservation using fantasy cos play and art to demonstrate needed changes Through the art and

culture of Steampunk we explore areas that could use improvement in our modern world and yet they do tie in with similar occurrences of the past We find that we re not that different but with art and demonstration we too can make positive changes for our future **The Major Works of Tamara de Lempicka, 1925 to 1935** Tamara de Lempicka (Malerin),1978
