Deadly Inheritance Mystiques 65:

Deadly Inheritance André, Alix, 1980 **Legacy of Danger** André, Alix, 1980 Broken Dreams Mark Jackson, 2021-06-10 The midlife crisis has become a cliché in modern society. Since the mid-twentieth century the term has been used to explain infidelity in middle-aged men, disillusionment with personal achievements, the pain and sadness associated with separation and divorce, and the fear of approaching death. This book provides a meticulously researched account of the social and cultural conditions in which middle-aged men and women began to reevaluate their hopes and dreams, reassess their relationships, and seek new forms of identity and fresh pathways to self-satisfaction. Drawing on a rich seam of literary, medical, media, and cinematic sources, as well as personal accounts, *Broken Dreams* explores how the crises of middle-aged men and women were shaped by increased life expectancy, changing family structures, shifting patterns of work, and the rise of individualism.

Keorapetse Kgositsile Keorapetse Kgositsile, 2023 A comprehensive collection of the new and collected works of South Africa's second poet laureate, Keorapetse Kgositsile.

Mortal Engines John Milton Hoberman, 1992 This richly documented history of how science triumphed over sport shows how the Greek ideal of a sound mind in a healthy body has been defeated by the impossible quest to exceed merely human limits. The modern obsession with enhancing athletic performance goes back to the 19th century, and the use of steroids is only the latest development in the dehumanization of sport. 8 page photo insert.

The Chastity Plot Lisabeth During, 2021-04-23 In *The Chastity Plot* Lisabeth During tells the story of the rise, fall, and transformation of the ideal of chastity. From its role in the practice of asceticism to its associations with sovereignty, violence, and the purity of nature, it has been loved, honored, and despised. Obsession with chastity has played a powerful and disturbing role in our moral imagination. It has enforced patriarchy's double standards, complicated sexual relations, and imbedded in Western culture a myth of gender that has been long contested by feminists. Still not yet fully understood, the chastity plot remains with us, and the metaphysics of purity continue to haunt literature, religion, and philosophy. Idealized and unattainable, sexual renunciation has shaped social institutions, political power, ethical norms, and clerical abuses. It has led to destruction and passion, to seductive fantasies that inspired saints and provoked libertines. As During shows, it should not be underestimated. Examining literature, religion, psychoanalysis, and cultural history from antiquity through the middle ages and into modernity, During provides a sweeping history of chastity and insight into its subversive potential. Instead of simply asking what chastity is, During considers what chastity can do, why we should care, and how it might provide a productive disruption, generating new ways of thinking about sex, integrity, and freedom.
