**The Medulla Obligation Book Two** M. Kelson,2005 The Medulla Obligation is the siren of the mating dance The character of the Medulla Obligation is much more complicated than that of gravity yet no less powerful and no less consistent You cannot escape her designs on your life but you can flow with her and learn to recognize both advantages and pitfalls inherent and inevitable in human interaction The Medulla Obligation will show you that you can affect the outcome of your relationships through a tilt in your perception You can learn when to interact and when to quietly disengage when your gifts are yours or are to be taken from you You can learn how to make the best of your turns at bat in life to make a difference for you and those important to you and how to keep yourself viable beyond established expectations She has no flexibility and has no reliance on the quality of the partners she pressures together The test of that union is the survivability and behavioral adaptations of the children born from it most of that safeguard is now gone and we have been unable to compensate God Cures Damon Davis,2018-01-09 The numbers are staggering More than a billion people live with chronic pain Yet the perfect human body was created to repair and heal itself Why are so many millions of people living well beneath healthy Why does homeostasis seem so far from our experience Damon Davis believes there is a way to connect all the dots for a life of wholeness and balance that reaps the benefits of God s natural path of the interplay of spirit soul and body Davis offers an in depth profile of his life and health history and explains how sickness is often an accumulation of emotional physical mental and spiritual wounds that take their toll over months and years Readers take hold of the knowledge tools and motivation to leverage God s curing design *Epigenetics* Joel D.
