Backpacker Tourism and Economic Development Mark

P. Hampton, 2013-07-18 There has been a phenomenal growth of backpacker tourism from the overland routes to India in the 1960s to present day backpacker tourism across the less developed world As a result there has been significant economic development impacts of backpacker tourism upon local communities especially in areas with the largest concentrations of backpackers South and South East Asia particularly Thailand Indonesia Malaysia and India as well as increasingly in Latin America This volume provides a focused review of the economic development impacts of backpacker tourism in developing regions furthering knowledge on how backpacker tourism can play a crucial role in development strategies in these areas First it reviews the origins of the backpackers with a detailed examination of their hippy predecessors on the overland trail before discussing the emergence of modern backpackers including social and cultural aspects and how new technologies are changing their experience It then analyses the powerful economic development impacts of backpackers on local host communities in cities and rural areas with a special focus on coastal destinations Extensive case study material is used from backpacker destinations across Asia Latin America and Africa In doing so the book provides original insights into how backpacker tourism is highly significant for poverty alleviation and effective local development since it has strong linkages to the local economy and less economic leakage than conventional tourism Written by a leading academic in this area this volume will be of interest to students of Tourism and Development Studies

The Backpacker Tourist Márcio Ribeiro Martins, Rui Augusto da Costa, 2022-06-15 The Backpacker Tourist A contemporary perspective explores the increasing number of people traveling around the world as backpackers and analyses the great diversification of this demographic and their varied experiences while traveling

Learning by Going: Transformative Learning through Long-term Independent Travel Birgit Phillips, 2019-03-12 Birgit Phillips explores the concept of transformative travel as it pertains to long term independent travelers and offers a broad philosophical understanding of the complex socio cultural processes involved in identity negotiation She examines both the elements that contribute to the transformation of values and identities and the mechanisms by which this transformation occurs By deploying a pluralistic reflexive interpretive research approach Phillips foregrounds the personal experiences of the individual study participants and the meanings they attach to their travel experiences In addition since the study spanned over 14 years the author is able to provide a wide ranging picture of the complete travel experience from initial motivations to post travel reintegration as well as the long term effects on traveler values and identities
