Backstage With Actors:

Backstage with Actors, from the Time of Shakespeare to the Present Day Helen Ormsbee, 1938 *Backstage With Actors* Helen Ormsbee, 1938-06-01 **Answers from The Working Actor** Jackie Apodaca, Michael Kostroff, 2018-03-09 For nearly a decade Jackie Apodaca and Michael Kostroff shared duties as advice columnists for the actors trade paper *Backstage*. Their highly popular weekly feature *The Working Actor* fielded questions from actors all over the country. A cross between *Dear Abby* and *The Hollywood Reporter*, their column was a fact-based, humorous, compassionate take on the questions actors most wanted answered. Using some of their most interesting, entertaining, and informative columns as launch points, *Answers from The Working Actor* guides readers through the ins and outs and ups and downs of the acting industry. Apodaca and Kostroff share an approach that is decidedly on the ground. They've both labored in the trenches, just like their readers, dealing with auditions, classes, photos, resumes, rehearsals, contract negotiations, representatives, jobs, challenging colleagues, and the search for that elusive life-career balance. There are few absolutes in the acting profession, and virtually no proven and reliable steps. Unlike books that claim to offer *Quick Steps to a Successful Acting Career*, *Answers from The Working Actor* deals honestly with the realities, providing facts, options, strategies, stories, points of view, and the wisdom of experience, while ultimately challenging readers to make their own decisions. This book will give new actors a head start on their journeys and remind experienced professionals that in the acting business, there is never only one answer to any question.

30 Plays for Child Actors Gorman John Ruggiero, 2023-12-07 For over thirty-five years, Gorman John Ruggiero trained child actors. The many productions are represented in this collection of his plays. These works include folktales, mythology, religious stories, and original works that can help children learn some of life's lessons by acting them out on stage. Ruggiero spent many years working with children on the autism spectrum, and many of these plays were performed jointly with typically developing children to great success. This process truly enhanced the communication skills of the child actors, as well as helped develop in them an understanding of autism. Many friendships were created during the rehearsal and performance process, as children learned about one another's differences and commonalities. In a world where communication is sorely lacking, Ruggiero believes that physical, emotional, and intellectual expression found in the performing arts is crucial for the success in personal and professional relationships. Helping children perform these plays will advance that notion.

Backstaging Modern Chinese Theatre Man He, 2025-07-01 Modern Chinese theatre once entailed a variety of forms, but now it primarily refers to spoken drama or huaju. *Backstaging Modern Chinese Theatre* looks beyond scripts to examine visuality, acoustics, and performance between the two World Wars, the period when huaju gained canonical status. The backstage in this study expands from being a physical place offstage to a culturally and historically constructed social network that encompasses theatre networks, academies, and government institutions, as well as the collective work of dramatists, amateurs, and cultural entrepreneurs. Early huaju was not a mere imitation of Western realist theatre, as it is

commonly understood but a creative synthesis of Chinese and Western aesthetics Charting huaju's evolution from American colleges to China's coastal cities and then to its rural hinterland Man He demonstrates how the formation of modern Chinese theatre challenges dominant understandings of modernism and brings China to the center of discussions on transnational modernities and world theatres Sticks and Stones Don Kukla,1993 The Actor's Complete Summer Theater Guide,1988 **Consciousness, Performing Arts and Literature** Daniel Meyer-Dinkgräfe,2018-09-30 Against the background of personal institutional and cultural trajectories this book considers dance opera theatre and practice as research from a consciousness studies perspective Highlights include a conversation with Barbara Sellers Young on the nature of dance an assessment of the work of International Opera Theater a new perspective on liveness and livecasts a reassessment with Anita S Hammer of the concept of a universal language of the theatre a discussion of two productions of new plays the development of a new concept of theatre of the heart a comparison of Western and Thai positions on the concept of beauty and an examination of the role of conflict for theatre The final chapter of the book is taken up by the author's first novel which launches the new genre of spiritual romance 精神浪漫主义 Matazō Nakamura,1990 Describing the onstage magic and the backstage hierarchy that is Kabuki this book looks at the 500 year old spectacle of dance music and elaborate costume from an actor's point of view **The Oxford Handbook of Symbolic Interactionism** Wayne H.
