dream but a reality in today's global economy. As a creative, your content can reach places you might never get to visit. Your content can build you into a global figure and make you money even while you sleep. It is possible to make a career out of content creation. You get to travel around the world and sell globally. Monetising your content and digital products can be quite complicated. You might have found yourself asking these questions: How do I know what people will be willing to pay for? On what platforms do I sell my products to maximise sales? How do I get paid on global international platforms? How do I compete with all the big names in the industry? How do I get good at selling? How do I successfully launch my products? Where do I start from? Monetisation is indeed complicated and that is because the internet is very competitive. This book is a comprehensive guide on how to Create, Distribute and Monetise your content from any part of the world to every part of the world so you can make a killing doing what you love. Be it E-books, Online Courses, Podcasts or Written Content. This book is broken down into six parts. The first part paints a clear picture of why content is more relevant than ever today. The second part focuses on Ideating, Writing, Editing, Formatting, Publishing and Distributing E-books. The third part focuses on Ideating, Creating, Recording, Producing, Distributing and Managing Online Courses. The fourth part focuses on Ideating, Recording, Producing and Distributing Podcasts. The fifth part focuses on Distributing and Monetising Written Content. The sixth part focuses on Content Promotion leveraging diverse Digital Marketing channels both Organic and Paid. An extra chapter deep dives into the process of setting up and managing personal websites without programming. The book provides a step by step guide on the right way to launch any digital product: E-books, Online Courses, Podcasts and Written Content. It removes the complication around monetising your content. It will show you how best to come up with product ideas that people will be willing to pay for. It will show you how to get your products on all the global platforms easily and get paid on them. It will show you the process that goes into creating any form of a digital product.

Technology-Enhanced Methods of Money Laundering Fausto Martin De Sanctis, 2019-06-06. This book identifies and examines the novel ways in which money is laundered internationally through illegal activities on the internet focusing on sales payments, social media, online gaming and tax misapplication. Technology enhanced methods that enable money laundering are now a significant portion of malicious cyber activities and deterring its commission is a high order priority. Although powered by modern tools, investigators, prosecutors, judges and regulatory agencies in most countries are not equipped to accurately detect, investigate and prosecute this type of criminal activity. It makes a case for broader institutional and regulatory improvement, formulating a basis for detecting evolving money laundering schemes with multiple focuses on sales payments, social media, online gaming and tax misapplication. Revealing the newest techniques used by criminals currently neglected by law enforcement in most countries and discussing the best approaches to combat these crimes, this book will be useful as a guide for law enforcement, prosecutors, judges and others involved in efforts to curb online crimes.
