Beekeeping Questions And Answers:

Beekeeping: Questions and Answers Dennis Brown,2013-05-07 From the day I picked up my first two hives back in 1964 I have been asked questions about honey bees Some questions were asked by folks who were just curious about bees and other questions were asked by folks who had an interest in getting into beekeeping themselves Even my scout master couldn't resist asking me questions about beekeeping When I was taking my beekeeping Merit badge exam which unfortunately the Boy Scouts don't offer any longer my scout master was so fascinated about all the beekeeping equipment and my presentation that he got into beekeeping himself There is so much to learn about beekeeping I could spend another lifetime studying beekeeping and never be able to learn all of it My bees amaze me every day with something new That is what keeps beekeeping so interesting to me I wanted to write this book so that you could learn from all my years of experience and not have to re-invent the wheel I have assembled a vast number of questions and answers for you Since all of the questions and answers in this book are in no special order I have provided you with an index in the back of the book for your convenience These questions are real questions from folks who have emailed me on the Lone Star Farms website and from folks who contacted me with questions about beekeeping throughout the years There is rarely just one answer to a beekeeping question especially among beekeepers but I have answered the questions with the answers that have always worked best for me over the years I do hope that you enjoy reading my book and that you are able to use my book as a reference guide for your beekeeping endeavor for as long as you keep bees Dennis Brown *Beekeeping Questions and Answers* ,1978 **A Thousand Answers to Beekeeping Questions** Charles C. Miller,2017-10-16 Excerpt from *A Thousand Answers to Beekeeping Questions* The remedy is not difficult to imagine If possible let the hive be in a cool shady place A temporary shade and sprinkling with water will serve a good turn Give plenty of chance for air Some practice leaving the covers of the hives raised an inch or so for two or three days Some give two stories to the swarm taking away the lower story after two or three days Either of these plans provides to some extent against an overheated dwelling Some practice giving a frame of brood to the swarm with the idea that the bees will feel that they cannot afford to abandon so valuable a piece of property In any case if all laying queens are clipped no prime swarm can abscond unless it joins or is joined by some other swarm having a queen with whole wings The queen with clipped wing may be lost but it is better to lose the queen alone than to lose both queen and swarm Swarms may abscond also if they are secondary or after swarms and the queen has not mated When she goes out for her wedding flight the swarm may follow her About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst
