Before Columbus Links Between The Old World And Ancient America:

Before Columbus Cyrus Herzl Gordon,1973 **Before Columbus** Cyrus Herzl Gordon,1972 *The Battle over America's Origin Story* Brian Regal,2022-05-06 This book examines the legends of who really discovered America It argues that histories of America s origins were always based less on empirical evidence and more on social political and cultural wish fulfillment Influenced by a complex interplay of Nativist hatred of immigrants and Aboriginal people as well as distrust of academic scholarship these legends ebbed and flowed with changing conditions in wider American society The book focuses on the actions of a collection of quirky obsessed amateur investigators who spent their lives trying to prove their various theories by promoting Welsh princes Vikings Chinese admirals Neo lithic Europeans African explorers and others who they say arrived centuries before Columbus These myths acted as mitigating agencies for those who embraced them Along with recent scholarship this book makes extensive use of archival materials some of which have never been employed before It covers the period from the sixteenth century to the present It brings together separate historiographic ideas to create a unified history rather than focusing on one particular legend as most books on the subject do It shows how questions of who discovered America helped create the field of historical scholarship in this country This book does not attempt to prove who discovered America rather it tells the story of those who think they did *Invented Knowledge* Ronald H. Fritze,2009-05-15 This incredible exploration of the murky world of pseudo history reveals the mix of proven facts informed speculation and pure fiction behind lost continents ancient super civilizations and conspiratorial cover ups as well as the revisionist historical foundations of religions such as the Nation of Islam and the Church of Jesus Christ of Latter day Saints Drawing on the best scholarship available Ronald H Fritze shows that in spite of strong mainstream historical evidence to the contrary many of these ideas have proved durable and gained widespread acceptance As the examples in *Invented Knowledge* reveal pseudo historians capitalize on and exploit anomalies in evidence to support their claims rather than examining the preponderance of research as a whole **Menasseh Ben Israel and His World** Yôsēf Qaplan,Richard Henry Popkin,Henry Méchoulan,1987 This book the results of a conference held in Israel in 1985 brings together many new perspectives on the significance of Menasseh ben Israel s ideas and their relation to Christian millenarian views of the time and Jewish kabbalistic and messianistic thought Scholars from America Europe and Israel working on various aspects of 17th century philosophy and religion present here in 18 essays important new data and interpretations of the Jewish and Christian background and of Menasseh s ideas and their relation to those of Jewish and Christian thinkers of the time Thus this volume provides the grounds for reassessing on the basis of recent scholarship the ferment of messianic and millenarian ideas issuing from Holland and England in the mid 17th century *Akhenaten to the Founding Fathers* Scott F. Wolter,2013-06-01 *Akhenaten to the Founding Fathers* The Mysteries of the Hooked X is the third book in a series that investigates the origin and meaning of a mysterious symbol originally found on the five fiercely debated medieval North

American rune stones That research led forensic geologist Scott Wolter on a world wide search that resulted in several explosive discoveries including the stunning realization that the Hooked X symbolizes an ideological thread that weaves through at least 3 800 years of human history This amazing story involves some of the most important figures in world history including the Egyptian Pharaoh Akhenaten the biblical Jesus the medieval Cistercians and Knights Templar numerous Native American tribes Freemasonry and the founding fathers of the United States including Benjamin Franklin Thomas Jefferson and George Washington This book introduces several new mysterious artifacts and sites in North America along with exciting new scientific geological research using the latest technology which allowed Wolter to reach definitive conclusions about the authenticity of these and many other controversial artifacts Some of these artifacts provide conclusive evidence that changes not only North American history in a profound way but demands a thorough rewrite of world history Wolter brings the reader along on his investigations and presents his case using his proven and enjoyable narrative style along with over 280 black and white images and 40 color photographs to introduce these artifacts and sites and illustrate his points After the fun Wolter distills the evidence down to his findings of fact his interpretations of the facts and finally presents his conclusions in a convincing scientific way that is irrefutable

Transcending the Global Power Game Armin Risi, 2004-01-01 Whatever happens on the visible plane has its roots in invisible dimensions reality is more than meets the eye This is the essence of all spiritual teachings and mystery schools and it is the key to understanding what actually happens on the stage of the global power game Here in a unique compendium you get to know what the world looks like when seen from this paranormal viewpoint Step by step the author unfolds stunning insights into the hidden dimensions of secret politics money manipulations and the ongoing transformation The pieces are put together to reveal an exciting puzzle Topics Include Ancient knowledge and new revelations The conclusive meaning of the symbolism of light and darkness The ideology of the Illuminati The roots and goals of today's secret societies Prophecies regarding money and the crash Alien forces and the presence of lightbeings Our role in this cosmic drama Had Armin Risi lived in classical times he would now be counted among the great philosophers and theologians Being a contemporary author however he is able to go beyond classical philosophy and shed light on problems coverups and challenges of today using a revolutionary logic or mytho logic as he calls it Professor Jorg Rehberg Zurich
