Topics include: Why marriage ministry, Components of marriage ministry, Structuring marriage ministry, Connecting points for marriage ministry.

When the Vow Breaks Joseph Warren Kniskern, 2008-01-01 Now an official resource of the nationwide DivorceCare ministry, this new edition of *When the Vow Breaks* offers practical advice to Christians regarding the top five felt needs and issues that result from facing divorce: kids, finances, anger, depression, and loneliness. In this sensitive and thorough guide, author attorney Joseph Warren Kniskern recounts the emotions of his own failed marriage and shares a comprehensive study on what the Bible says about marriage and divorce. More important, he shows how God continues to work in people's lives to provide hope and encouragement in the aftermath of divorce. Kniskern also provides important insights about how to seek reconciliation, secure proper marriage counseling, find a good attorney, and negotiate settlements and custody issues.

Living Together Mike McManus, Harriett McManus, 2008-03-04 IS LIVING TOGETHER THE ANSWER? Since the late 1960s, the number of couples living together before marriage has increased significantly, as this phenomenon was thought to be the answer to obtaining a successful marriage. The theory that couples could practice seemed a perfect solution to an increasingly higher divorce rate. After all, many argued, if we live together first, we will really know if we're compatible. Mike and Harriett McManus, co-founders of the Marriage Savers organization, argue in this important book that theory and reality are often not the same. They take a fundamental position that one can not practice permanence, and unless a marriage is established as permanent, a couple will

not approach it the same way This significant finding has come from the McManuses fifteen years of studying marriage and divorce and their desire to help couples build strong marriages that last a lifetime In the pages of this book you will discover that the divorce rate is actually higher among couples who live together before marriage as well as important principles that really do give couples the necessary tools for a successful marriage Consider this book an investment in yours or someone else s marriage Whether you are a counselor seeking to help others in their marriage a parent helping a child as he or she is contemplating living with someone a pastor who needs a reliable tool to help couples in his ministry or a person considering living with someone yourself this book is for you Paperbound Books in Print ,1992 Successful Single Parenting Gary Richmond,1989-10 Subject Guide to Books in Print ,1993 The Remarriage Manual Terry Gaspard, MSW, LICSW,2020-02-18 The 10 Keys to a Successful Remarriage Winner of the 2022 Independent Publisher Book Award in Gold for Self Help Winner of American Book Fest s 2020 Best Book Award in Self Help Relationships Based on the author s personal experience over 30 years of clinical practice knowledge from leading marriage and remarriage researchers and 100 in depth interviews of remarried people The Remarriage Manual offers 10 essential keys to a successful remarriage Build a Culture of Appreciation Respect and Tolerance Negativity is toxic Personal growth and love are possible when you can express appreciation through positive words and actions Make Your Remarriage a Top Priority Never underestimate the power of intentional time with your partner to increase physical and emotional intimacy Ditch the Baggage from Your First Marriage Learn ways to be more reflective and less reactive to triggers that hit raw spots or vulnerabilities stemming from prior relationships Don t Keep Secrets about Money Remarried couples face complicated financial issues such as unequal assets child support alimony and education costs for children and stepchildren Honesty and full disclosure about finances are essential Don t Let Mistrust Stop You from Being Vulnerable and Emotionally Intimate Learn that vulnerability and trust go hand in hand and the steps you can take to be authentic and intimate with your partner so you can achieve long lasting love Get Sexy and Fall in Love All Over Again Given the stressors of a second marriage it can be particularly challenging to stay sexually intimate Yet moments of connection such as touching talking or making love are all part of the glue that holds a second marriage together Don t Make a Big Deal about Nothing but Do Deal with Important Issues Differences in beliefs expectations and conversational styles can cause you to blow things out of proportion and tune each other out Effective communication will help you overcome these types of misunderstandings Manage the Flames of Conflict You can t avoid disagreements entirely What you can do however is learn how to manage them successfully to avoid the blame game so that they can nourish rather than drain your remarriage Embrace Your Role as a Stepparent and Create Positive Stepfamily Memories There is no such thing as instant love in a stepfamily When biological parents are involved the relationships can get even trickier Learn to adjust to your role as a stepparent the chances of a second marriage succeeding go way up when both partners adopt an attitude of we re in this together Say You re Sorry and Mean It Studies show that apologizing to your

partner for hurting their feelings and granting forgiveness are crucial to the success of a second marriage It s essential that remarried couples learn the value of sincere apologies and forgiveness Drawing on the experiences of dozens of couples and remarriage scenarios Terry Gaspard shows you how to bring each key home and set up your relationship for lasting success Whether you are thinking of remarrying and concerned about going the distance or are already remarried and struggling The Remarriage Manual provides the expert advice practical tools hope and inspiration you need to prevent challenges from becoming deal breakers The 10 keys provided here will help put you and your spouse on solid footing keep the flame between you burning bright and build a deeply trusting loving and sustainable connection for the long haul *101 Questions to Ask Before You Get Engaged* H. During the beginning of the family there needs to be a more mature love that takes the place of romantic love and passion. This is a formidable goal for many couples since they relished the passion and emotions of romance. The couple also needs to get to know each other through empathic listening. If this does not happen it would be difficult for the couple to achieve a parental alliance once children come into the home. The years of childhood and adolescents have their own changes and challenges for the children as well as the parents. The goal towards secure attachment for the child is vital during this time and the need for the parents to separate their own marital relationship from the role of parent. During adolescence it is imperative to adjust to the need for identity and autonomy in the adolescent. Secure attachment involving unconditional love needs to be nurtured through childhood and adolescence. It will help prepare the child to eventually leave home in a healthy way. Any unresolved problems in the family of origin may inhibit the growth of autonomy in the young adult child. It will inhibit the healthy functioning of the adult child. The young adult may also stay in the parental home for a longer period of time and revert back to the previous unhealthy pattern of childhood. Parents can easily fall back into this unhealthy pattern with the adult child. Once the children leave the empty nest the parents are faced with their own changes. They may discover that they really don't know each other as they thought they did. There will be new challenges to improve their relationship or work through the problems of estrangement in the empty nest. But the empty nest can be a positive change where the couple can enjoy a new genuine love for each other. The couple needs to work on developing a new partnership in the empty nest. This stage of life doesn't have to be empty but rather a more fulfilling and satisfying time in life. I have worked with couples during all of these times in a person's life. I usually had most or all family members in a counseling session, each experiencing different changes in his or her life. It's helpful for each family member to understand what the other is going through. This will help each person to cope with one's own changes and to understand where the other person is at the same time. This will complement and synchronize the changes that everyone is going through so that it would be easier for each person. Frequently I worked with one person, a child, adolescent, or adult. This was challenging because it was more difficult to understand what was going on in the family. With one person in a counseling session, the individual would disclose thoughts, feelings, and experiences. The individual's perception of self and family would be expressed. Usually the individual had a particular problem that needed to be resolved but it always dealt with some type of change that was happening in the person's life or family. It is very important to help the individual or family to cope with the changes that are happening at the time.
