Beethoven Lewis Lockwood, 1992 It is well known that Mozart developed his works in his head and then simply transcribed them onto paper while Beethoven labored assiduously over sketches and drafts his first ideas in Stephen Spender's words of a clumsiness which makes scholars marvel at how he could at the end have developed from them such miraculous results Indeed Beethoven's extensive sketchbooks which total over 8 000 pages and the autograph manuscripts covering several stages of development reveal the composer systematically exploring and evolving his musical ideas Through close investigation of individual works Lewis Lockwood traces the creative process as it emerges in Beethoven's sketches and manuscripts Four studies address the composition of the Eroica Symphony from various viewpoints The chamber works discussed include the Cello Sonata in A Major Opus 69 of which the entire autograph manuscript of the first movement is published here in facsimile the string quartet Opus 59 No 1 and the Cavatina of the later quartet Opus 130 Lockwood's lucid analysis enhances our understanding of Beethoven's musical strategies and stylistic developments as well as the compositional process itself In a final chapter the author outlines the importance of Beethoven's autographs for the modern performer

Beethoven's art as a union of sensuous and rational of expression and structure In analyses of individual pieces Kinderman shows that the deepening of Beethoven's musical thought was a continuous process over decades of his life In this new updated edition Kinderman gives more attention to the composer's early chamber music his songs his opera *Fidelio* and to a number of often neglected works of the composer's later years and fascinating projects left incomplete A revised view emerges from this of Beethoven's aesthetics and the musical meaning of his works Rather than the conventional image of a heroic and tormented figure Kinderman provides a more complex more fully rounded account of the composer Although Beethoven's deafness and his other personal crises are addressed together with this ever increasing commitment to his art so too are the lighter aspects of his personality his humor his love of puns his great delight in juxtaposing the exalted and the commonplace
