FOURTH EDITION

Beginning Woodwind Class Method

David Kirk

Beginning Woodwind Class Method:

Beginning Woodwind Class Method Frederick Westphal, 1983-07-01 *Beginning Woodwind Class Method* is designed specifically for college and university students. It takes full advantage of previously learned skills in music. There is no provision for instruction in basic note reading skills of the kind found in methods aimed at younger students. Musical materials have been selected with the mature learner in mind. Instructional materials for all of woodwind instruments: flute, clarinet, oboe, bassoon, alto saxophone, and tenor saxophone are included. Flexible scoring is used in all of the ensemble material so that musical balance can be achieved with a variety of instrumental combinations.

The Woodwinds: Perform, Understand, Teach James Byo, 2016-06-17 *The Woodwinds Perform Understand Teach* provides comprehensive coverage about the woodwind family of musical instruments for prospective instrumental music teachers. What sets this book apart is its focus on how to teach the instruments. Preparing students in the how of teaching is the ultimate goal of the woodwind class and the ultimate goal of this book which organizes information by its use in teaching beginning instrumentalists. In developing performance and understanding pre-service teachers are positioned to learn to teach through performance contrasted with an old school belief that one must first spend much time tediously trying to understand how things work before playing the instruments. The book is organized in three parts: Preliminaries, Teaching the Instruments, and Foundations. Chapters in Teaching the Instruments are organized by instrument: flute, clarinet, saxophone, oboe, bassoon, and within each instrument according to how an effective teacher might organize experiences for novice learners. Basic embouchure and air stream are covered first, followed by instrument assembly, then hands and holding. Embouchure coverage returns in greater depth, then articulation, and finally the mechanism which includes sections on the instruments of the family, transposition, range, special fingerings, tuning, and intonation, and reeds. In Foundations, topics are situated in big picture contexts, calling attention to the broad applicability of information across instruments.

[Teaching Woodwinds](#) Harold Gene Griswold, 2015-07-14 For one semester/quarter courses in woodwind methods, *Teaching Woodwinds* draws on the author's thirty-five years of experience teaching woodwinds to students. Organized by specific teach topics from the fundamentals of hand and finger position to articulation and intonation, *Drawing on a classic set of teacher-student duets*, the included twenty-five class lessons enable students to learn by doing and by listening as they play duets with the instructor.
