A Commentary On Catullus:

A Commentary on Catullus Robinson Ellis,2010-07 In this 1876 commentary Robinson Ellis portrays the life and work of Catullus whose poetry illuminates the last years of the Roman Republic Ellis examines the sources and textual history of the poems discusses influences and metre and speculates on the identity of the poet s beloved Lesbia **A Commentary on Catullus**, Robinson Ellis,1889 *A Commentary on Catullus* Robinson Ellis,1889 *A Commentary on Catullus* Robinson Ellis,2019-09-18 This 1876 work is the magisterial commentary by the Oxford scholar Robinson Ellis 1834 1913 on the life and oeuvre of the Roman poet Catullus whose work illuminates the closing years of the Roman Republic Our knowledge of Catullus life derives almost entirely from his own writings Three manuscripts survive which contain a collection of poems that are ascribed to him and all three date from the fourteenth century Ellis considers the research that has already been undertaken on the poet and his environment but mostly draws on his own work in assessing the value of the Renaissance Italian commentators who established the generally accepted poetic canon He traces the Greek influences that Catullus was exposed to and discusses his use of different metres while also speculating on the identity of his beloved Lesbia a controversial question still unresolved in the twenty first century *A Commentary on Catullus* Robinson Ellis,2012-08

Fordyce* Gaius Valerius Catullus,1961 Clarendon Press Series Robinson Ellis,2015-07-19 Excerpt from Clarendon Press Series A Commentary on Catullus As far back as 1859 I designed a commentary on Catullus and only interrupted it to reconstitute the text as a preliminary But the earlier plan for which from the first I had accumulated a considerable store of materials had never been abandoned and after the publication of my edition of the text in 1867 became the principal object to which my studies were directed As compared with Vergil and Horace or even with Tibullus and Propertius Catullus may almost be said to have been during the past century a neglected book While each of those poets has found an interpreter of first rate ability Doering s edition of 1788 remained without a rival for ninety years How imperfect that edition is is known to every one Doering s chief merit was his brevity He carefully avoided all discussion where discussion was more than usually interesting and when the student was asking for information on the numerous points where the poems touch on the personal or public history of the time was contented to illustrate his author by quotations from the elegiacs of the ill fated and interesting but now forgotten Lotichius This neglect was certainly not justified by the history of the poems in the preceding centuries From Parthenius and Palladius at the end of the fifteenth century to Vulpius and Conradinus de Allio in the former half of the eighteenth Catullus was edited and reedited by a series of scholars including some of the greatest names in philology The sixteenth century alone produced no less than four commentaries of primary importance those of Alexander Guarinus in 1521 of Muretus in 1554 of Achilles Statius in 1566 of Scaliger in 1577 Of these the three former were published at Venice with which city Catullus may in modern times claim an almost special connexion Guarinus edition is now known to few but it is for all that a most valuable book No doubt modern taste is offended by the plainness not to say grossness of his explanations which indeed perpetually suggest that he was illustrating the corruptions of Catullus time by observations drawn from his own About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works A *Commentary on Catullus by Robinson Ellis, M.A. Fellow of Trinity College, Oxford Late Professor of Latin at University College, London* Robinson Ellis,1876
