

# LEASING A CAR VS. BUYING A CAR

<https://www.leaseguide.com>

## Lower Monthly Payments

Leasing offers lower monthly payments compared to financing the vehicle.

## Early Termination Fees

Ending a lease before its term may result in hefty fines, while there are no such penalties when financing a car.

## Ownership and Flexibility

At the end of a lease, the vehicle must be returned to the lessor, whereas ownership allows you to sell or trade the car at any time, as long as the loan balance is satisfied.

## Mileage Restrictions

Exceeding annual mileage limits in a lease can incur significant costs, whereas financing allows you to drive without worrying about mileage restrictions.

## Customization and Warranty

Buying a car allows customization without affecting the warranty, while leased vehicles must be returned in their original condition.
