A Companion To The Study Of Virgil:

A Companion to the Study of Virgil Nicholas Horsfall, 2000-08-18 This book is not yet another introduction to Virgil's poetry. The editor and three contributors offer a guide to the key problems and to the most intelligent discussions. They do not hesitate to point out what we do not know and where more work needs to be done. Apart from ample discussion of the poems and the main issues they raise, the book offers chapters on the life of Virgil, his style, and his influence on late Latin epic.

A Companion to the Study of Virgil Nicholas Horsfall, 2000-08-01 A Companion to the Study of Virgil is not yet another introduction to Virgil's poetry, nor is it the thinking man's version of the bibliographies in ANRW. The editor and three outside contributors offer a guide both to the key problems and to the most intelligent discussions. They do not offer solutions to all the difficulties but are not frightened to admit that this we do not know that that is a mess and that there more work is to be done. The book is aimed at graduate students and university teachers. Many of the issues are difficult and artificial simplifications seem to offer no advantages. Apart from ample discussion of the poems and the main issues they raise, the book offers chapters on the life of Virgil, Horsfall, his style, Horsfall, his influence on later Latin epic, W. R. Barnes on Latin life and culture, Horsfall, and on his MS tradition, Geymonat.

The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7 Michael Gagarin, 2010 [Vergil's Political Commentary](#) Leendert Weeda, 2015-06-16 In the book titled Vergil's political commentary in Eclogues, Georgics, and Aeneid, the author examines Vergil's political views by analyzing the whole of the poet's work. He introduces the notion of the functional model, suggesting that the poet often used this instrument when making a political statement. New interpretations of a number of the Eclogues and passages of the Georgics and the Aeneid are suggested, and the author concludes that Vergil's political engagement is visible in much of his work. During his whole career, the poet was consistent in his views on several major political themes. These varied from the distress caused by the violation of the countryside during and after the expropriations in the 40s B.C. to the horrors of the civil war and the violence of war in general, and the necessity of strong leadership. Vergil hoped and expected that Octavian would establish peace and order, and he supported a form of hereditary kingship for which he considered Octavian a suitable candidate. He held Cleopatra in high regard and he appreciated a more meaningful role for women in society. Vergil wrote poetry that supported Augustus, but he had also the courage to criticize Octavian and his policies. He was a commentator with an independent mind and was not a member of Augustus' putative propaganda machine.

The Primacy of Vision in Virgil's Aeneid Alden Smith, 2005 One of the masterpieces of Latin and indeed world literature, Virgil's Aeneid was written during the Augustan renaissance of architecture, art, and literature that redefined the Roman world in the early years of the empire. This period was marked by a transition from the use of rhetoric as a means of public persuasion to the use of images to display imperial power. Taking a fresh approach to Virgil's epic poem, Riggs Alden Smith argues that the Aeneid fundamentally participates in the Augustan shift from rhetoric to imagery because it gives primacy to vision over speech as the principal means of gathering and

conveying information as it recounts the heroic adventures of Aeneas the legendary founder of Rome Working from the theories of French phenomenologist Maurice Merleau Ponty Smith characterizes Aeneas as a voyant visible a person who both sees and is seen and who approaches the world through the faculty of vision Engaging in close readings of key episodes throughout the poem Smith shows how Aeneas repeatedly acts on what he sees rather than what he hears Smith views Aeneas final act of slaying Turnus a character associated with the power of oratory as the victory of vision over rhetoric a triumph that reflects the ascendancy of visual symbols within Augustan society Smith s new interpretation of the predominance of vision in the Aeneid makes it plain that Virgil s epic contributes to a new visual culture and a new mythology of Imperial Rome

A Reading of Virgil's Aeneid Book 2 Paul Murgatroyd,2021-06-08 This book is aimed primarily at English speaking Classical Civilization students taking courses in Virgil epic and myth at schools colleges and universities but will also be of interest to students reading Virgil Aeneid 2 in Latin and to the general reader The book provides something new for those studying Virgil in translation offering a detailed and in depth literary analysis of a single book of the Aeneid one of the most famous and appealing parts of the whole poem The book provides a brief introduction to Virgil and the Aeneid in general and Book 2 in particular It also offers literary analysis in order to enhance critical appreciation and plain enjoyment making the book really come alive At the end of each chapter exercises topics for investigation and references to other scholars and Classical authors are included to extend the engagement with Virgil At the end of the book Appendix A contains translations of other versions of the fall of Troy and Appendix B summarizes the rest of Aeneas narrative in Book 3 of the Aeneid with translation of and comment on key passages

Virgil's Gaze Joseph D Reed,2016-07-26 Virgil s Aeneid invites its reader to identify with the Roman nation whose origins and destiny it celebrates But as J D Reed argues in *Virgil s Gaze* the great Roman epic satisfies this identification only indirectly if at all In retelling the story of Aeneas foundational journey from Troy to Italy Virgil defines Roman national identity only provisionally through oppositions to other ethnic identities especially Trojan Carthaginian Italian and Greek oppositions that shift with the shifting perspective of the narrative Roman identity emerges as multivalent and constantly changing rather than unitary and stable The Roman self that the poem gives us is capacious adaptable to a universal nationality potentially an imperial force but empty at its heart However the incongruities that produce this emptiness are also what make the Aeneid endlessly readable since they forestall a single perspective and a single notion of the Roman Focusing on questions of narratology intertextuality and ideology Virgil s Gaze offers new readings of such major episodes as the fall of Troy the pageant of heroes in the underworld the death of Turnus and the disconcertingly sensual descriptions of the slain Euryalus Pallas and Camilla While advancing a highly original argument Reed s wide ranging study also serves as an ideal introduction to the poetics and principal themes of the Aeneid

Virgil's Double Cross David Quint,2018-05-22 The message of Virgil s Aeneid once seemed straightforward enough the epic poem returned to Aeneas and the mythical beginnings of Rome in order to celebrate the city

s present world power and to praise its new master Augustus Caesar Things changed when late twentieth century readers saw the ancient poem expressing their own misgivings about empire and one man rule In this timely book David Quint depicts a Virgil who consciously builds contradiction into the Aeneid The literary trope of chiasmus reversing and collapsing distinctions returns as an organizing signature in Virgil s writing a double cross for the reader inside the Aeneid s story of nation empire and Caesarism Uncovering verbal designs and allusions layers of artfulness and connections to Roman history Quint s accessible readings of the poem s famous episodes the fall of Troy the story of Dido the trip to the Underworld and the troubling killing of Turnus disclose unsustainable distinctions between foreign war civil war Greek Roman enemy lover nature culture and victor victim The poem s form Quint shows imparts meanings it will not say directly The Aeneid s life and death issues about how power represents itself in grand narratives about the experience of the defeated and displaced and about the ironies and revenges of history resonate deeply in the twenty first century This new account of Virgil s masterpiece reveals how the Aeneid conveys an ambivalence and complexity that speak to past and present

The Design of Virgil's Bucolics John Van Sickle,1978 Among the many recent studies of the Bucolics none has dealt systematically with the evidence newly broached by modern scholarship that Virgil s book may be a single unified composition in which the ten eclogues rather than separate poems gathered and arranged are parts worked out expressly for their places and differentiated functions in the whole The present study emphasizing the need for considered method approaches the book s unity first in terms of theme It shows that Virgil deployed themes in three registers a bucolic a georgic and a civic heroic that develop and systematically vary through all the eclogues in the order of the book A thematic system thus emerges in the book as a whole It may share the traditional functions of rhetoric and music at the level of performance but it is shown also to articulate on reflective reading an ambitious design in poetics Through it Virgil reckons with the entire tradition of epos which he recasts from two modes into three Hesiodic Homeric bucolic Hesiodic Homeric He thus establishes the tripartite frame for his life s work with its ultimate emulation of Homer In the process through the successive eclogues he also gradually transforms the bucolic mode from Sicilian Theocritean to Arcadian This he conceives as a return to the source hence a new beginning that outdoes Theocritus Back cover

[Vergil and Biblical Exegesis in Early Christian Latin Epic](#) Feng-Feng Gao,2002

The Cambridge Companion to Virgil Charles Martindale,1997-10-02 Virgil became a school author in his own lifetime and the centre of the Western canon for the next 1800 years exerting a major influence on European literature art and politics This Companion is designed as an indispensable guide for anyone seeking a fuller understanding of an author critical to so many disciplines It consists of essays by seventeen scholars from Britain the USA Ireland and Italy which offer a range of different perspectives both traditional and innovative on Virgil s works and a renewed sense of why Virgil matters today The Companion is divided into four main sections focussing on reception genre context and form This ground breaking book not only provides a wealth of material for an informed reading but also offers

sophisticated insights which point to the shape of Virgilian scholarship and criticism to come *Harvard Studies in Classical Philology*, 1903 Becoming Vergil Holly Marie Sypniewski, 2002 **Publishers' circular and booksellers' record**, 1888 **Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1888 **Ancient Roman Writers** Ward W. Briggs, 1999 The history of Rome is essentially the history of one nation imitating another namely Greece The Romans invented only one genre the satire Roman writers borrowed their subject matter from the Greeks in all but one respect history Several of these Roman authors were slaves or came from slave families It was the Greek speaking early freed slaves that taught the Romans to give their literature subjectivity **Memoirs of the American Academy in Rome** American Academy in Rome, 2010 **Vergil's Aeneid and the Roman Self** Yasmin Syed, 2005 Syed argues that the first century BC Latin poem had a significant impact on its Roman readers sense of self as Romans and articulated Roman identity for them through the readers identification with and differentiation from its fictional characters She considers identity at both the individual level of the subject and the collective level of et **Classical Literature and Its Times** Joyce Moss, 2006 Examines the relationship between the political social climate during which books were written and the works themselves This volume focuses on classical literature *The Works of Elizabeth Barrett Browning* Elizabeth Barrett Browning, 2010

Uncover the mysteries within Explore with is enigmatic creation, **A Companion To The Study Of Virgil** . This downloadable ebook, shrouded in suspense, is available in a PDF format (PDF Size: *).
