A Critical Exposition of Iqbal's Philosophy S. Ehsan Ashraf, 1978 Muhammad Iqbal Chad Hillier, 2015-07-10 There are few moments in human history where the forces of religion culture and politics converge to produce some of the most significant philosophical ideas in the world India in the early 20th century was one of these moments where we saw the rise of activist thinkers like Nehru Jinnah and Gandhi individuals who not only liberated human lives but their minds as well One of most influential members of the group was the poet philosopher Muhammad Iqbal Commonly known as the e spiritual father of Pakistane the philosophical and political ideas of Iqbal not only shaped the face of Indian Muslim nationalism but also shaped the direction of modernist reformist Islam around the world Bringing together a diverse number of prominent and emerging scholars from backgrounds in political science philosophy and religious studies this book offers novel examinations of the philosophical ideas that laid at the heart of Iqbal s own As such by producing new developments in research on Iqbal s thought from a diversity of prominent and emerging voices within American and European Islamic studies this text will offer new and novel examinations of the ideas that lies at the heart of Iqbal s own thought religion science metaphysics nationalism and religious identity In our text the reader will re discover many new connections between the e Sage of the Ummah to the greatest thinkers and ideas of European and Islamic philosophies Actology Malcolm Torry, 2020-07-08 Two streams run through the Western philosophical stream one characterized by Being beings the unchanging the static and the unitary and the other by Action actions the changing the dynamic and the diverse The former might be represented by Parmenides Plato and much of what followed the latter by Heraclitus and by rather less of what followed The book explores the Action stream as it wound its way through history through Heraclitus Plato Aristotle Hegel Maurice Blondel Henri Bergson Pierre Teilhard de Chardin process philosophy and theology Geoffrey Studdert Kennedy Ludwig Wittgenstein and John Boys Smith The journey enables us to create the beginnings of an actology a way of seeing ourselves the universe and God in terms of actions in patterns rather than as beings that change Such an actology offers a complete alternative narrative far more in tune with the diverse and rapidly changing world in which we live than the ontology that has shaped philosophy theology and much else for the past two thousand years Al-Ghazali and Iqbal Tarique Masoodi, 2007 Accessions List, India Library of Congress.
