A Cycle of Poems in Experimentation Continued Michael A. Sardo, 2000 **A Cycle of Poems in Experimentation Continued** is a collection of contemporary poetry The first book was published in 1953 and now is out of print Although written some 47 years ago the content is as timely now in the year 2000 as it was then The tone and color of the poems relate to this present day and time of social unrest and uneasiness The past and present collection covers a wide gamut of emotions feelings and images **A Cycle of Poems in Experimentation Continued** represents not only words and poetic thought but a visual expression of forms and shapes Although some of the ideas are not in accordance with formal poetic style the poems have a place in today s contemporary thought Traditional form and discipline in writing are not this author s style The color gray seems to be the road he travels The sensation of looking down into a valley of emptiness captures the reader s mind The sounds that echo from below are neither harmonious or melodic The author was twenty one when the first part of this book was published in 1953 The poet now older and wiser still has something to say Michael A J Sardo has not changed his thoughts and views on writing contemporary poetry in forty seven years He as a poet uses abstract forms designs shapes and silent sounds to display his work

The Smudged Mirror Michael A. J. Sardo, 2002-09 Michael A J Sardo approaching his 71st birthday still enjoys writing abstract poetry Some of his ideas came to him while recovering from surgery The pain he felt while recuperating was not a deterrent to his use of his creative mind Little incidental details around him did not go unnoticed These details were some of his inspiration for this book Sardo the poet continues to attack prejudice injustice and intolerance in our everyday society with sarcasm irony and mocking **The Gifted Listener** Michael Sardo, 2003 **The Gifted Listener** is a book for the music lover who hasn t any musical skills This small volume is about classical music and it s composers It is simple and easy to read with just enough detail not to be

confusing to the non musician The author has a special insight into classical music difficult even for a musician to understand In this small work a goodly amount of territory covering composers their music and personal experiences in creative listening is covered It is Sardo s opinion that listening is as creative as performing regardless of age and background It is Michael Sardo s hope that The Gifted Listener will eventually be suggested reading in high school and Junior College musical appreciation classes The author feels that his book should be considered for reading even in specialized secondary schools which concentrate in all areas of performing arts There are many excellent comprehensive music reference books on the market for serious students of music to study and read What makes The Gifted Listener unique is the way that it treats musical listening in everyday language The beauty of this book is that it makes classical music come alive and at the same time is intimate to one s daily emotions It is hoped that this book will encourage those that have not been touched with musical capability to continue on a joyful journey in creative listening such as the author has traveled

The Mind Seekers Michael Sardo,2005-05 The Mind Seeker will touch your heart as you read The characters and situation are so real that you the reader fall in love with each one The story takes place around the Cambridge Massachusetts area As you read on in this book you will meet a group of scientists doctors professors and the beloved young man Bill Frederick who is confined in a wheelchair Bill is the riches man in North America and his wealth never went to his head Bill loves giving away and the more he gives the more comes back to his organization You come to know his associate Naomi and her brother Ben personally as you do Leonora Dr Brandon Debbie and everyone at Universal Software There is an atmosphere around this whole story that will challenge you thinking and help you see what the power of love can do to change the lives of a few people and then the whole world

Jerome Rothenberg's Experimental Poetry and Jewish Tradition Christine Meilicke,2005-07 On a more specific level this book analyses Rothenberg s use of postmodern appropriative strategies such as collage assemblage palimpsest parody pastiche forgery found poetry and theft These strategies illustrate the concept practice and problematics of appropriation Embracing postmodern experimentation and drawing on heterodox Jewish sources Rothenberg constructs a contemporary American Jewish identity that does not rely on institutionalized Judaism

Look Round for Poetry Brian McGrath,2022-05-17 Poetry is dead Poetry is all around us Both are trite truisms that this book exploits and challenges In his 1798 Advertisement to Lyrical Ballads William Wordsworth anticipates that readers accustomed to the poetic norms of the day might not recognize his experiments as poems and might signal their awkward confusion upon opening the book by looking round for poetry as if seeking it elsewhere Look Round for Poetry transforms Wordsworth s idiomatic expression into a methodological charge By placing tropes and figures common to Romantic and Post Romantic poems in conjunction with contemporary economic technological and political discourse Look Round for Poetry identifies poetry s untimely echoes in discourses not always read as poetry or not always read poetically Once one begins looking round for poetry McGrath insists one might discover it in some surprising contexts In chapters that

spring from poems by Wordsworth Lucille Clifton John Keats and Percy Bysshe Shelley McGrath reads poetic examples of understatement alongside market demands for more the downturned brow as a figure for economic catastrophe Romantic cloud metaphors alongside the rhetoric of cloud computing the election of the dead as a poetical and not just a political act and poetic investigations into the power of prepositions as theories of political assembly For poetry to retain a vital power McGrath argues we need to become ignorant of what we think we mean by it In the process we may discover critical vocabularies that engage the complexity of social life all around us
