*Thomas W. Schaller, Architect of Light* Thomas Schaller, 2018-09-11 Powerful Paintings from a Watercolor Master The most nearly perfect paintings to me are rarely the ones simply characterized by technical expertise More often they are the ones in which you can sense the beating heart of the artist just below the surface flaws included Twenty years into a career as architect and architectural illustrator Thomas Schaller embarked upon a bold new path as a fine artist Today he is one of the world's most accomplished watercolor artists celebrated for his poignant treatment of light and its dynamic interplay with the natural and manmade landscape The first and only collection of work from this popular contemporary artist Thomas W Schaller Architect of Light features 150 of his finest paintings buildings bridges boats people and other scenes from around the world In a series of essays Schaller ruminates on his journey as an artist what drives him and the truths he discovered along the way He offers not only sage insight on composition color and other technical aspects of painting but also provocative perspective on more fundamental struggles for the artist such as overcoming self doubt and honing one's own unique voice Schaller's essays like his art shine with passion authenticity and the epiphanies that comprise his artistic constellation discovering the power of breathing the secret to finding the art in any subject and how the quest for perfection led him to worry less about the final result to take greater joy in the process itself It's a pivoting read for collector art lover and practicing artist alike full of views to savor and enlighten
