A Death For A Doctor:

The Death-Doctor William Le Queux, 2020-09-28 I AM fully aware my dear Lanner Brown that after my death when you open these pages you will be greatly shocked The skeleton which for many years has been locked so securely in my cupboard and which I now at last have courage to reveal will I know stagger you I Archibald More d Escombe have enjoyed a lucrative practice in Kensington I have worked hard and I believe I have not only earned the esteem of my many patients of both sexes but also that of my fellow men I have been moderate in my habits partial perhaps to a really good vintage port but nevertheless a constant churchgoer for some years churchwarden of St Stephen s and in addition a regular subscriber to all local charities as far as my means as a medical man would allow Outwardly I suppose I have differed in no way to the many thousand other men who having walked the hospitals have qualified and now practise the science of medicine up and down the country But when my dear Lanner Brown you have read this plain matter of fact and yet remarkable narrative of my amazing life it will be for you yourself to judge whether it be best in the public interest to suppress it and destroy the manuscript or whether you will risk the condemnation which must be hurled upon you by the public and the whole medical profession and publish it as a warning to others who may by their expert scientific knowledge be led into similar temptation This matter I leave entirely in your hands and at your discretion Though in the following pages you will no doubt discover much that will astound and even appal you yet many of the circumstances you will yourself recall I think you will find that in this record I have been entirely frank and open and agree that I have all along admitted the motive and have never sought to shield myself either by excuse or by hypocrisy During the last eight years of our pleasant and intimate acquaintance I have ever held you in the highest esteem You are a real man True you as a confirmed bachelor were always something of a lady killer while you believed me to be indeed the quiet mannered rather short sighted and perhaps somewhat old fashioned family practitioner in whom you so often confided Ah I often wondered what you would actually have thought of me had you but known the ugly wretched truth And sometimes forgive me my dear fellow I have smiled at your ignorance

The Doctor, 1874 **Professional Practice for Foundation Doctors** Judy McKimm, Kirsty Forrest, 2011-07-01 This book is designed to support trainee doctors during the Foundation Stage of postgraduate training including preparation and application for Specialty Training posts and covers the generic non clinical aspects of postgraduate education training and professional development It shows trainees how the generic skills fit into professional practice and development and how the knowledge base provided by the book underpins professional practice The book will assist the development of the knowledge skills and competences required for good medical practice and uses case studies activities and policy examples to illustrate key learning points Oxford Handbook of Medical Ethics and Law Anna Smajdor, Jonathan Herring, Robert Wheeler, 2022 Doctors have been concerned with ethics since the earliest days of medical practice Traditionally medical practitioners have been expected to be motivated by a desire to help their patients Ethical codes and systems such as the Hippocratic Oath have

emphasised this During the latter half of the 20th century advances in medical science in conjunction with social and political changes meant that the accepted conventions of the doctor patient relationship were increasingly being questioned After the Nuremberg Trials in which the crimes of Nazi doctors among others were exposed it became clear that doctors cannot be assumed to be good simply by virtue of their profession Not only this but doctors who transgress moral boundaries can harm people in the most appalling ways
