A Distant Light Kentuckys Journey Toward Racial Justice:

A Distant Light Bill Cunningham,2005 *The Fall of Kentucky's Rock* George G. Humphreys,2022-01-18 This in depth study offers a new examination of a region that is often overlooked in political histories of the Bluegrass State George G Humphreys traces the arc of politics and the economy in western Kentucky from avid support of the Democratic Party to its present day Republican identity He demonstrates that despite its relative geographic isolation the region west of the eastern boundary of Hancock Ohio Butler Warren and Simpson Counties to the Mississippi River played significant roles in state and national politics during the New Deal and postwar eras Drawing on extensive archival research and oral history interviews Humphreys explores the area s political transformation from a solid Democratic voting bloc to a conservative stronghold by examining how developments such as advances in agriculture the diversification of the economy and the civil rights movement affected the region Addressing notable deficiencies in the existing literature this impressively researched study will leave readers with a deeper understanding of post 1945 Kentucky politics

Been Coming through Some Hard Times Jack Glazier,2026-10-25 Glazier combines ethnography history and memory studies to construct a solid study of race relations in microcosm *Journal of American History* From the earliest days when enslaved people were brought to western Kentucky the descendants of both slaves and slave owners in Hopkinsville Kentucky have continued to inhabit the same social and historic space Part ethnography and part historical narrative *Been Coming through Some Hard Times* offers a penetrating look at this southern town and the surrounding counties delving particularly into the ways in which its inhabitants have remembered and publicly represented race relations in their community Glazier s personal investment in this subject is clear *Been Coming through Some Hard Times* began as an exploration of the life of James Bass an African American who settled in Hopkinsville in 1890 and whose daughter Idella Bass cared for Glazier as a child Her remarkable life profoundly influenced Glazier and led him to investigate her family s roots in the town This personal dimension makes Glazier s ethnohistorical account especially nuanced and moving Here is a uniquely revealing look at how the racial injustices of the past impinge quietly but insidiously upon the present in a distinctive understudied region In a new foreword historian W Fitzhugh Brundage writes Glazier reveals the sinews of family community and heritage that bind and divide the contemporary residents of Christian County We learn of the enduring legacies of the past that permeate contemporary life there and by the end of the book Glazier demonstrates that many of the traditions that loom largest in western Kentucky are not those commonly associated with the mythic South
