A Fairytale Foil The Little Mermaid:

The Little Mermaid Melissa Tyrrell, 2002 **Fairy-Tale Films Beyond Disney** Jack Zipes, Pauline Greenhill, Kendra Magnus-Johnston, 2015-09-16 The fairy tale has become one of the dominant cultural forms and genres internationally thanks in large part to its many manifestations on screen Yet the history and relevance of the fairy tale film have largely been neglected In this follow up to Jack Zipes s award winning book *The Enchanted Screen* 2011 *Fairy Tale Films Beyond Disney* offers the first book length multinational multidisciplinary exploration of fairy tale cinema Bringing together twenty three of the world s top fairy tale scholars to analyze the enormous scope of these films Zipes and colleagues Pauline Greenhill and Kendra Magnus Johnston present perspectives on film from every part of the globe from Hayao Miyazaki s *Spirited Away* to Jan vankamajer s *Alice* to the transnational adaptations of *1001 Nights* and Hans Christian Andersen Contributors explore filmic traditions in each area not only from their different cultural backgrounds but from a range of academic fields including criminal justice studies education film studies folkloristics gender studies and literary studies *Fairy Tale Films Beyond Disney* offers readers an opportunity to explore the intersections disparities historical and national contexts of its subject and to further appreciate what has become an undeniably global phenomenon

Mapping Fairy-Tale Space Christy Williams, 2021-04-27 Examines how popular fairy tales collapse narrative borders and reimagine the genre for the twenty first century *Mapping Fairy Tale Space Pastiche and Metafiction in Borderless Tales* by Christy Williams uses the metaphor of mapping to examine the narrative strategies employed in popular twenty first century fairy tales It analyzes the television shows *Once Upon a Time* and *Secret Garden* a Korean drama the young adult novel series *The Lunar Chronicles* the Indexing serial novels and three experimental short works of fiction by Kelly Link Some of these texts reconfigure well known fairy tales by combining individual tales into a single storyworld others self referentially turn to fairy tales for guidance These contemporary tales have at their center a crisis about the relevance and sustainability of fairy tales and Williams argues that they both engage the fairy tale as a relevant genre and remake it to create a new kind of fairy tale *Mapping Fairy Tale Space* is divided into two parts Part 1 analyzes fairy tale texts that collapse multiple distinct fairy tales so they inhabit the same storyworld transforming the fairy tale genre into a fictional geography of borderless tales Williams examines the complex narrative restructuring enabled by this form of mash up and expands postmodern arguments to suggest that fairy tale pastiche is a critical mode of retelling that celebrates the fairy tale genre while it critiques outdated ideological constructs Part 2 analyzes the metaphoric use of fairy tales as maps or guides for lived experience In these texts characters use fairy tales both to navigate and to circumvent their own situations but the tales are ineffectual maps until the characters chart different paths and endings for themselves or reject the tales as maps

altogether Williams focuses on how inventive narrative and visual storytelling techniques enable metafictional commentary on fairy tales in the texts themselves Mapping Fairy Tale Space argues that in remaking the fairy tale genre these texts do not so much chart unexplored territory as they approach existing fairy tale space from new directions remapping the genre as our collective use of fairy tales changes Students and scholars of fairy tale and media studies will welcome this fresh approach
