## Das Sauerland:

**Das Sauerland und seine Bewohner** Friedrich Wilhelm Grimme,1886 Artists for the Reich Joan L. Clinefelter,2005-04-01 While we often think about talented artists fleeing the clutches of the Nazi regime forced out or sickened by the strictures placed upon them we rarely consider those artists who willingly stayed behind This is the first comprehensive treatment of the German Art Society a group of artists authors and right wing activists who actively embraced Nazism These artists have typically been dismissed as a lunatic fringe but the author argues that they were in fact instrumental in battling modernist art in defense of what they regarded as the German cultural tradition Drawing on previously neglected archival material Clinefelter reveals cultural continuities that extend from the Wilhelmine Empire through the Weimar Republic into the Third Reich and elucidates how these artists promoted Nazi culture from below Rich in detail and highly readable *Artists for the Reich* provides a more nuanced understanding of German culture under Nazism

Freilich,Gary LaFree,2017-10-02 Although there has been an increase in research on terrorism across the social and behavioural sciences in the past few decades until recently most of this work has originated from political science psychology or economics Therefore our focus in this book on criminological conceptual frameworks and empirical studies that engage terrorism and responses to it is unique We include a distinguished group of researchers that offer their distinctive insights into criminological perspectives on terrorism The contributors focus on criminological perspectives that have rarely if ever been previously applied to the study of terrorism This includes a range of perspectives from rational choice to social disorganization from strain to routine activities theory This volume will advance understanding of terrorism by taking advantage of criminological contributions and at the same time will serve as a useful update to the criminologists and their students already working in this area It would also be a helpful introduction to those criminologists and their students who would like to be more engaged in this important area of research This book was originally published as a special issue of *Terrorism and Political Violence* *Das Sauerland: Raum, Kultur, Wirtschaft* Heinrich Luhmann,1960
