**American Rivals of James Bond** Graham Andrews, 2023-02-27 This is a critical history of spy fiction film and television in the United States with a particular focus on the American fictional spies that rivaled and were often influenced by Ian Fleming's James Bond James Fenimore Cooper's Harvey Birch based on a real life counterpart appeared in his novel The Spy in 1821 While Harvey Birch's British rivals dominated spy fiction from the late 1800s until the mid 1930s American spy fiction came of age shortly thereafter The spy boom in novels and films during the 1960s spearheaded by Bond heavily influenced the espionage genre in the United States for years to come including series like The Man from U N C L E and Matt Helm The author demonstrates that while American authors currently dominate the international spy fiction market James Bond has cast a very long shadow for a very long time

In a Lonely Street Frank Krutnik, 2006-10-19 Taking issue with many orthodox views of Film Noir Frank Krutnik argues for a reorientation of this compulsively engaging area of Hollywood cultural production Krutnik recasts the films within a generic framework and draws on recent historical and theoretical research to examine both the diversity of film noir and its significance within American popular culture of the 1940s He considers

classical Hollywood cinema debates on genre and the history of the emergence of character in film noir focusing on the hard boiled crime fiction of Dashiell Hammett Raymond Chandler and James M Cain as well as the popularisation of Freudian psychoanalysis and the social and cultural upheavals of the 1940s The core of this book however concerns the complex representation of masculinity in the noir tough thriller and where and how gender interlocks with questions of genre Analysing in detail major thrillers like *The Maltese Falcon* *Double Indemnity* *Out of the Past* and *The Killers* alongside lesser known but nonetheless crucial films as *Stranger on the Third Floor* *Pitfall* and *Dead Reckoning* Krutnik has produced a provocative and highly readable study of one of Hollywood most perennially fascinating groups of films
