David The Anointed:

david: the anointing Blake Spivey,2015-01-09 David The Anointing is a book of hope On this journey we will move alongside this shepherd boy as he is trained by God Himself Invited by the Trinity Themselves we will enter within Their counsel and see David as he cultivates a intimacy that will last throughout the ages As the Lord breathes in the aroma of worship we will witness the ones falling before the Lamb Coming and going the celestial beings move at the command of God Himself Moving all things together and accomplishing His will we will see the sovereignty of God and the will of man intermingled as one As the life of David unfolds we will witness what takes place in the spiritual realm with angels demons and Lucifer all from the perspective of the Trinity Seeing deep within the heart of God we will come to understand how we were dreamed of before time began Beginning on the hills we will witness the prophetic ministry and the training of each saint Moving in the desire of the Lord s heart we will come to a deeper understanding of what moves Them Being all sufficient the Lord desires the worship of our hearts Seeing and believing that we will live for ages to come we must move like David worshipping the Lord in the beauty of His Holiness

Who Is David? Angeline Leito,2019-10-25 Based on the biblical texts and years of research Angeline Leito answers the question of Who Is David as she explains this prophetic story of God s establishment of the throne of King David and His eternal relationship with the House of David

The Biblical Saga of King David John Van Seters,2009-06-30 The biblical story of King David has been interpreted in many different ways arising from the variety of methods used in and the intended objectives of the studies Does the narrative contain insight into and information about the early history of the Judean monarchy or is it merely a legendary tale about a distant past Can we identify the story s literary genre its sociohistorical setting and the intention of its author s Is an appreciation for the wonderful literary qualities of the story compatible with a literary critical investigation of the narrative s compositional and text critical history Van Seters reviews past scholarship on the David story and in the course of doing so unravels the history of these questions and then presents an extended appraisal of the debate about the social and historical context of the biblical story From this critical foundation Van Seters proceeds to offering a detailed literary analysis of the story of David from his rise to power under Saul to his ultimate succession by Solomon

Mahri Leonard-Fleckman,2016-06-01 Current scholarly debate over the historical character of David s rule generally considers the biblical portrait to represent David as king of Judah first and subsequently over all Israel The ninth century Tel Dan inscription which refers to the House of David byt dwd is often taken as evidence for the dynasty of Judah Mahri Leonard Fleckman argues however that references to Judah in the story of David as king do not suffice to constitute a coherent stratum of material about Judah as a political entity Comparing the house of terminology in the ninth century Tel Dan inscription with early first millennium Assyrian usage then giving close examination to the house of David materials in 2 Samuel and 1 Kings she understands the house of David as a small body politic connected to David but distinct from any Judean dynastic context One implication is that the identification of Judah as a later southern kingdom may have less to do with an Israelite secession from Jerusalem than with an Israelite rejection of David s lineage and the subsequent redactional creation of Judah centric language on the part of a Davidic coterie Leonard Fleckman s arguments suggest a rethinking of the rise of monarchy in Israel

Ninety Biblical Story Lessons for Adults Jim Roché,2024-03-13 How would new untrained Christians kindly and humbly introduce God to their non Christian friends What if neither the Christian nor the non Christian could learn from printed materials such as pamphlets books or the Bible itself What if the new Christian was usually alone and untrained in a community hostile to Christian beliefs How could these new Christians continue the process of reproducing spiritual generations without first being fully taught themselves The strategy offered here is to tell biblical stories that can be easily retold Stories that revealed God s acts and perspectives leading to questions and discussion Stories that caused new listeners to question their own beliefs You re holding a collection of ninety stories designed to be retold by anyone thirty Old Testament stories chronologically arranged from creation to the return from Israel s exile thirty Gospel stories from the announcement of Jesus birth to his ascension to heaven and thirty stories from the New Testament from Pentecost to Jesus return from heaven to earth Each lesson is built upon the principles from Roche s first book *Biblical Storytelling Design Understanding Why Oral Stories Work* but modeled and explained in this book
