seed David Wade,2021-05-10 There are many things in life that move you but there are some things you are born with in which you have the power to move others This is called being anointed by God We all have a gift to do something and it is up to us to find out what that gift is and use it for the right reasons to glorify God Singing came to me I did not choose it I just opened my mouth and I could sing and it came easy I just needed to hone my gift by understanding how it worked so I could use it to its fullest potential as well as maintain it by understanding how to take care of it My love for music is who I am I was not told I had to do it I just did it because I loved it just that much I knew whenever I would sing I would find myself closer to a place of peacefulness and harmony with my higher self As I grew stronger in what moved me to do what I loved I learned that I could do all things through Christ who strengthens me I did not let fear deter my calling Even though I was very much afraid I knew I had to do it because it was God s will Some people are born with many gifts and some are born with one but it is not because one gift is greater than the other because your calling is different I have learned that if you have the faith the size of a mustard seed you can move mountains This means you can do anything you feel is calling out to you Through my journey I have learned I am able to move mountains in my life One is called fear because it is fear that keeps us from being our best self We have been told Don t do this Don t do that because it will hurt you so we learn fear but we don t learn how to conquer it until we become adults and for some not even then because we choose to stay comfortable and complacent with the effects of what fear does to us We are always evolving into our better self but we must forget about what we can t do and focus more so on what we can do when we have the faith the size of a mustard seed This pain is not meant to last but we have to keep moving on move on move on There s no storm that can stop you There s no wind that can move you There s no cloud that can stop the sun from shining through Just move on 2 **TV Guide** ,2000 **How-to-do-it Books** ,1963
