David Hockney David Hockney, André Emmerich Gallery, 1993      David Hockney David Hockney, 2025 These very very new paintings mark the most developed stage yet in Hockney's dedication to reverse perspective in paint For decades Hockney has observed that traditional linear perspective in art and photography doesn't reflect how humans actually see we have peripheral vision we move and we constantly generate multiple viewpoints Viewing is therefore not static but dynamic and experiential It's not an inversion of perspective that interests Hockney but an expansion of the possibilities of representation In these recent canvases which depict colourful interior scenes he disrupts planar perspective and engineers multiple vanishing points in a single picture bringing us closer to the lived experience of perception The show will also include The Moon Room comprising 15 iPad paintings of the night sky The moon works were created in 2020 outside Hockney's Normandy studio in France throughout the seasons and just as previous iPad works have these works capture a joy in nature this time brightly illuminated by moonlight Influences of Van Gogh are present yet Hockney's signature use of line and colour is unmistakable With the ability to paint easily en plein air Hockney enjoys the speed with which he can capture light with the iPad evident in the luminosity of these works Annely Juda Fine Art website      David Hockney Paul Melia, 1995 Critical analysis of the key developments in Hockney's work over the past 30 years      *David Hockney* David Hockney, 1993      David Hockney David Hockney, André Emmerich Gallery, 1993      **David Hockney**, 1993      David Hockney James Cahill, 2022-11-03 The latest addition to the Lives of the Artists series highly readable short biographies of the world's greatest artists David Hockney is the most famous living British artist And he is arguably one of the more famous American artists as well Emerging from the north of England in the 1960s he made quite a splash in Swinging London as a portraitist and went on to make an even bigger splash in Los Angeles when he moved there in the 1970s His figurative paintings of the 1970s and 1980s captured the zeitgeist of West Coast living while he also explored new avenues by constructing mosaics out of polaroids By the beginning of the millennium he returned to his Yorkshire roots embarking on a new period of painting This came to an end with the death by misadventure in his home of a young studio assistant in 2013 He went home to LA and has in the intervening years begun a new period of contemplative portraiture      *David Hockney* Peter Clothier, 1995 For a contemporary artist of serious aesthetic purpose David Hockney enjoys immense public visibility His personality ideas about art and inventiveness both of imagery and of techniques ranging from oil painting to photography to faxes are captured by Peter Clothier in this concise but comprehensive overview From his theatrical early canvases to his more recent photographic collages and operatic set designs Hockney has tackled the challenge of space on a grand scale At the same time much of his work has been devoted to the things most dear to him friends family home and studio Invention the driving force behind Hockney's art is in good part play This color rich volume conveys Hockney's serious delight in making art that gives pleasure to both its creator and its audience      *David Hockney* David Hockney, Sarah
