McCabe, 1995-06-08 The presentation of poetry to auditor and reader from the sixteenth to the twentieth centuries **Location Register of Twentieth-century English Literary Manuscripts and Letters**, 1988 *Late Modernism and the Poetics of Place* Neal Alexander, 2022-02-17 This monograph offers a decisive reappraisal of both the literary history and the literary geography of Anglophone modernism by focusing attention on poetry from both sides of the Atlantic Where recent studies of late modernism tend to regard it as an inter war or mid century phenomenon this book contends that the period 1945-1975 marks a major phase of experiment and achievement in late modernist poetry The author contends that what distinguishes the work of many late modernist poets such as Gwendolyn Brooks Basil Bunting W S Graham David Jones Lorine Niedecker and Charles Olson during this period is its multi layered poetics of place In part he suggests this is due to the engagement of individual writers with contemporary developments in human and physical geography It is also manifest in the tendency of late modernist poets to foreground the cultural significance of regional and non metropolitan places in their texts **A Bibliography of British History** Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Recharting the Thirties** Patrick J. Quinn, 1996 The aim of *Recharting the Thirties* is to revitalize the awareness of the reading public with regard to eighteen writers whose books have been largely ignored by publishers and scholars since their major works first appeared in the thirties The selection is not based on a political agenda but encompasses a wide and divergent range of philosophies clearly the contrasts between Empson and Upward or between Powell and Slater indicated the wide ranging vision of the period Women writers of the period have largely been marginalized and the writings of Sackville West and Burdekin for example not only present distinct feminine voices of the period but also illuminate how much

good literature has been forgotten *Letters to Vernon Watkins* David Jones,1976 **Agenda** ,1998 *The Longman Anthology of British Literature* David Damrosch,2000 The Compact Edition of the first new anthology of British Literature in 25 years The Longman Anthology of British Literature Compact Edition presents the varieties of British literature within the dynamic cultural landscape of the British Isles From the Middle Ages to the present the Compact Edition is available in a single volume for the one semester course or in two volumes A and B for the two semester course **Poetry** Harriet Monroe,1977 **Annual Report - National Library of Wales** National Library of Wales,1991 **The Longman Anthology of British Literature** ,1999 Longman Anthology British Literature Volume 2 Addison-Wesley Longman, Incorporated,1998-07 **National Union Catalog** ,1968 **Arthuriana** ,1997 *Adroddiad Blynyddol* National Library of Wales,1984
