Dawn Of Apocalyptic:

The Dawn of Apocalyptic Paul D. Hanson, 1979 In challenging both traditional and contemporary notions of the nature and history of the Biblical apocalyptic literature Professor Hanson begins by saying that the origins of apocalyptic cannot be explained by a method which juxtaposes seventh and second century compositions and then proceeds to account for the features of the latter by reference to its immediate environment The apocalyptic literature of the second century and after is the result of a long development reaching back to pre exilic times and beyond and not the new baby of second century foreign parents Not only the sources of origin but the intrinsic nature of late apocalyptic compositions can be understood only by tracing the centuries long development through which the apocalyptic eschatology developed from prophetic and other even more archaic native roots In this ground breaking study Professor Hanson focuses on one strand which can be seen running through the heart of many of the so called apocalyptic works the strand of apocalyptic eschatology He seeks to demonstrate that the rise of apocalyptic eschatology is neither sudden nor anomalous but follows the pattern of an unbroken development from preexilic and exilic prophecy

Messianism Within the Scriptural Scroll of Isaiah Randall Heskett, 2007-09-20 This work re-examines the traditional messianic texts in Isaiah used by later Judaism and or Christianity Older modern historical criticisms tended to focus on the historical origins of Israelite traditions so that most of the texts traditionally regarded as messianic came to be understood as non-messianic However Heskett uses various historical critical methods and other contextual methodologies to show how smaller units of non-messianic tradition in the prehistory of the book gained a new messianic significance when they became part of the book of Isaiah as a whole From that perspective there are arguments for some messianic promises within the book of Isaiah showing that within the book's scriptural context the texts themselves provide a warrant for messianic readings This study takes into account the important similarities and differences in Jewish and Christian perceptions of the same
