**A Complete Lowlife** Ed Brubaker,1997      **The Complete Works of Walter Savage Landor: High and low life in Italy. The poems of Catullus** Walter Savage Landor,1930      *Low-life Deeps* James Greenwood,1876      Low Life Luc Sante,2003-11-24 A cacophonous poem of democracy and greed like the streets of New York themselves John Vernon Los Angeles Times Book Review Lucy Sante s Low Life is a portrait of America s greatest city the riotous and anarchic breeding ground of modernity This is not the familiar saga of mansions avenues and robber barons but the messy turbulent often murderous story of the city s slums the teeming streets scene of innumerable cons and crimes whose cramped and overcrowded housing is still a prominent feature of the cityscape Low Life voyages through Manhattan from four different directions Part One examines the actual topography of Manhattan from 1840 to 1919 Part Two the era s opportunities for vice and entertainment theaters and saloons opium and cocaine dens gambling and prostitution Part Three investigates the forces of law and order which did and didn t work to contain the illegalities Part Four counterposes the city s tides of revolt and idealism against the city as it actually was Low Life provides an arresting and entertaining view of what New York was actually like in its salad days But it s more than simply a book about New York It s one of the most provocative books about urban life ever written an evocation of the mythology of the quintessential modern metropolis which has much to say not only about New York s past but about the present and future of all cities      **Low Life Lawyer** Michael Simmons,2016-10-11 Low Life Lawyer details the rise and fall and rise again of a rogue lawyer who is also a talented jazz clarinet musician Inspired by a lengthy legal and journalist career Michael Simmons has taken inspiration from novelists such as John Grisham and Kingsley Amis to bring us this gripping legal thriller featuring protagonist Richard Gregory plus a literary cameo from American jazz saxophonist clarinetist and composer Sidney Bechet It s set in the 1950s and 60s      **Representing Multiculturalism in Comics and Graphic Novels** Carolene Ayaka,Ian Hague,2014-11-20 Multiculturalism and its representation has long presented challenges for the medium of comics This book presents a wide ranging survey of the ways in which comics have dealt with the diversity of creators and characters and the lack of visibility for characters who don t conform to particular cultural stereotypes Contributors engage with ethnicity and other cultural forms from Israel Romania North America South Africa Germany Spain U S Latino and Canada and consider the ways in which comics are able to represent multiculturalism through a focus on the formal elements of the medium Discussion themes include education countercultures monstrosity the quotidian the notion of the other anthropomorphism and colonialism Taking a truly international perspective the book brings into dialogue a broad range of comics traditions      *Love, Life and Beyond* Pamela Hamilton,2017-03-17 What if a family was introduced into your almost perfect life and turned your world upside down in the worse way What if these people made you feel vulnerable uncertain maybe even insecure Now let s take this a step further What if this family were racist and you were black And what if you had been a part of this distasteful family and you had no

clue Could it be possible that you had been reincarnated purposefully to face the hate that you once gave out Perhaps you have been picked by a loving universe to bring this racist family to an awakening although you don't remember making this agreement This is what happens to Nova an intelligent pretty secure young woman who lives in an affluent black family where everything seemed to be in its proper perspective That is until the Young family arrive in her town Amid issues of racism drugs and teen problems Love Life and Beyond shows the reader another way at looking at life's jarring troubles through the story of Anne a racist from the South who dies from a brain aneurism After some time to reflect in the spiritual realm Anne's soul is ready for another trial on Earth this time in the body of Nova a black girl Having no clue of her previous non-physical proclamation to transform their beliefs a personal battle erupts when Trent and Nova are thrown together many times through distressing situations Sonia gets involved with the wrong crowd and begins using drugs and Nova is the only person capable of helping Brenda and her family Trent resents her association with his family and like a smoldering volcano Trent and Nova reach their boiling point with venomous hate for one another until something unforeseen happens and the impact of it alters all of their lives forever

*The Great Empire City: Or High and Low Life in New York*, 1883 *The Garret and the Garden: or, Low life high up, and Jeff Benson: or, The young coastguard* Robert Michael Ballantyne, 1890 *Razor Edge* Kenneth G Boyce, 2025-06-24 Underworld characters like Clancy and Jarod long time acquaintances had their own connections and were motivated by whatever gave them the power they considered they deserved Tillman Piccolo Frank and Dreyfus were the connections keen to do what was required of them for the payment they received

Of Comics and Men Jean-Paul Gabilliet, 2010 This is a seminal study of the evolution and development of the American comic from the 1930s to the present day The book is divided into three sections covering the history an overview of the distribution and consumption of American comic books and an account of the popularisation and legitimisation of the comic book form

**Alternative Comics** Charles Hatfield, 2009-11-12 In the 1980s a sea change occurred in comics Fueled by Art Spiegelman and Françoise Mouly's avant-garde anthology *Raw* and the launch of the *Love Rockets* series by Gilbert Jaime and Mario Hernandez the decade saw a deluge of comics that were more autobiographical emotionally realistic and experimental than anything seen before These alternative comics were not the scatological satires of the 1960s underground nor were they brightly colored newspaper strips or superhero comic books In *Alternative Comics: An Emerging Literature* Charles Hatfield establishes the parameters of alternative comics by closely examining long form comics in particular the graphic novel He argues that these are fundamentally a literary form and offers an extensive critical study of them both as a literary genre and as a cultural phenomenon Combining sharp-eyed readings and illustrations from particular texts with a larger understanding of the comics as an art form this book discusses the development of specific genres such as autobiography and history *Alternative Comics* analyzes such seminal works as Spiegelman's *Maus* Gilbert Hernandez's *Palomar* *The Heartbreak Soup* *Stories* and Justin Green's *Binky Brown Meets the Holy Virgin Mary* Hatfield explores how issues outside of cartooning the

marketplace production demands work schedules can affect the final work Using Hernandez s Palomar as an example he shows how serialization may determine the way a cartoonist structures a narrative In a close look at Maus Binky Brown and Harvey Pekar s American Splendor Hatfield teases out the complications of creating biography and autobiography in a substantially visual medium and shows how creators approach these issues in radically different ways
