A Critical Geography:

Placing Critical Geography Lawrence D. Berg, Ulrich Best, Mary Gilmartin, Henrik Gutzon Larsen, 2021-11-29 This book explores the multiple histories of critical geography as it developed in 14 different locations around the globe whilst bringing together a range of approaches in critical geography It is the first attempt to provide a comprehensive account of a wide variety of historical geographies of critical geography from around the world Accordingly the chapters provide accounts of the development of critical approaches in geography from beyond the hegemonic Anglo American metropolises Bringing together geographers from a wide range of regional and intellectual milieus this volume provides a critical overview that is international and illustrates the interactions or lack thereof between different critical geographers working across a range of spaces The chapters provide a more nuanced history of critical geography suggesting that while there were sometimes strong connections with Anglo American critical geography there were also deeply independent developments that were part of the construction of very different kinds of critical geography in different parts of the world Placing Critical Geographies Lawrence D. The Spaces of Critical Geography International Conference of Critical Geography, International Conference of Critical Geography. 3, 2002, Békéscsaba, 2004 **For a New Geography** Milton Santos, 2021-11-09 For the first time in English a key work of critical geography Originally published in 1978 in Portuguese For a New Geography is a milestone in the history of critical geography and it marked the emergence of its author Milton Santos 1926-2001 as a major interpreter of geographical thought a prominent Afro-Brazilian public intellectual and one of the foremost global theorists of space Published in the midst of a crisis in geographical thought For a New Geography functioned as a bridge between geography's past and its future In advancing his vision of a geography of action and liberation Santos begins by turning to the roots of modern geography and its colonial legacies Moving from a critique of the shortcomings of geography from the field's foundations as a modern science to the outline of a new field of critical geography he sets forth both an ontology of space and a methodology for geography In so doing he introduces novel theoretical categories to the analysis of space It is in short both a critique of the Northern Anglo-centric discipline from within and a systematic critique of its flaws and assumptions from outside Critical geography has developed in the past four decades into a heterogeneous and creative field of enquiry Though accruing a set of theoretical touchstones in the process it has become detached from a longer and broader history of geographical thought For a New Geography reconciles these divergent histories Arriving in English at a time of renewed

interest in alternative geographical traditions and the history of radical geography it takes its place in the canonical works of critical geography

Social Studies--the Next Generation Avner Segall, Cleo H. Cherryholmes, Elizabeth E. Heilman, 2006
Social Studies The Next Generation broadens the imagination within social studies education by highlighting current cutting edge scholarship incorporating critical discourses Drawing on postmodern poststructural postcolonial and feminist theories often borrowed from cultural studies curriculum theory critical geography women s studies and queer studies the scholars contributing to this volume ask new questions about social studies use different methodologies to study the field and report findings with new forms of textualization This book is dialogic and even conversational ending with provocative responses from established social studies scholars and the editors and disturbs the given and the taken for granted in social studies research

Adorno and the Antifascist Geographical Imagination Chris Philo, 2025-06-30 To think antifascistically is necessarily to think geographically to think geographically ought to be to think antifascistically This aphorism sets the compass for this book s ambitious attempt to fold questions of fascism and antifascism into the remit of Geotheory the focus of the host book series Alert to fascism s pernicious haunting of our contemporary moment it reaches for intellectual resources through which to fashion constellations of antifascist thought hinging on attentiveness to space place landscape and nature Specifically the book offers the first attempt to systematically explore the geographies integral to the thinking of Theodor W Adorno premier exponent of the Frankfurt School of critical theory whose writings on philosophy and sociology politics and culture literature and music were often framed precisely against the threat of fascist regression By disclosing Adorno s geographies the shape of a geographical antifascism comes into view as a transformational restatement of critical geography s spirit and purpose

Curriculum Studies Handbook - The Next Moment Erik Malewski, 2009-09-10 What comes after the reconceptualization of curriculum studies What is the contribution of the next wave of curriculum scholars Comprehensive and on the cutting edge this Handbook speaks to these questions and extends the conversation on present and future directions in curriculum studies through the work of twenty four newer scholars who explore each in their own unique ways the present moment in curriculum studies To contextualize the work of this up and coming generation each chapter is paired with a shorter response by a well known scholar in the field provoking an intra inter generational exchange that illuminates both historical trajectories and upcoming moments From theorizing at the crossroads of feminist thought and post colonialism to new perspectives that include critical race currere queer southern studies Black feminist cultural analysis post structural policy studies spiritual ecology and East West international philosophies present and future directions in the U S American field are revealed

[Milton Santos: A Pioneer in Critical Geography from the Global South](#) Lucas Melgaço, Carolyn Prouse, 2017-05-08 For decades Milton Santos 1926 2001 has been considered one of the most influential thinkers in Brazilian and Latin American social sciences and geography Yet his writings most of which have not been translated into English are largely unknown to European and North American audiences This book introduces English

speaking scholars to Professor Santos through critical engagement with his ideas and writings The chapters presented here reveal the breadth and originality of his critical thought as well as its ongoing importance to contemporary debates The book features a biography of Santos and includes an annotated translation of one of his most cited texts The Return of the Territory offered here for the first time in English This text demonstrates how Santos s provocative insights continue to transform core concepts of political and human geography The book also includes a number of short chapters written by scholars from Brazil Spain and France Through reflections on Santos s work the various authors demonstrate the value and possibilities of extending the geographer s theories They explore key geographical themes across political economy rural studies territorial planning environmental crisis digital networks indigenous peoples transportation and public health This collection invites geographers from around the world to engage with this rich intellectual tradition from Brazil

A Geographical Century Vladimir Kolosov, Jacobo García-Álvarez, Michael Heffernan, Bruno Schelhaas, 2022-05-31 This volume of specially commissioned interpretative essays marks the centenary of the establishment of the International Geographical Union in 1922 Written by leading human and physical geographers from all parts of the world A Geographical Century considers the history and present condition of geography as an international science Based on the latest research A Geographical Century provides new and critical analyses of the different forms of geographical internationalism that emerged during the 20th century the changing relations between geography and cognate disciplines in the natural and social sciences the geopolitics of international geographical collaboration and the prospects of geography as a 21st century international science
