## **A Critique Of Soviet Economics:**

A Critique of Soviet Economics Zedong Mao,1977      **A Critique of Soviet Economics** Zedong Mao,1982      *A Critique of Soviet Economics* Mao Tse-Tung,1977-01-01      **Marxism, China, and Development** A. James Gregor,2017-07-05 China has always been something of a mystery to Westerners For one generation Mao Zedong and his followers were simple agrarian reformers while for another they were the communist emperor and his blue ants In the 1970s some of the finest Sinologists believed there was much the United States could learn from Mao s Great Proletarian Cultural Revolution with regard to bureaucracy criminal justice health care and mass education By the 1980s those same theorists asserted that Maoism was nothing more than a feudal fascism and had absolutely nothing positive to teach Marxism China and Development provides a plausible explanation of these developments that have had such a powerful effect on the people of China for the past half century The author describes and explains the strange collection of beliefs that made up the Marxism of Mao Zedong He seeks to understand why the communist leadership of China like that of the USSR tried to spur economic growth by abandoning the market modalities common to developed economies A James Gregor s conceptual framework is both original and makes more comprehensible the history of Marxism and the history of China Among the major topics he covers are imperialism political democracy economics and alternatives to Maoism and Marxism for China While it is unlikely that our understanding of so complex a series of events as modern Chinese history will soon become less controversial Marxism China and Development s clear concise explanations will clarify some perplexing areas and make the new turns in Chinese political economy more understandable This is a monumental effort at theory construction that will be of interest to political scientists economists sociologists and Sinologists      *Marxism and the Making of China* J. Gregor,2014-02-19 An assessment of the influence of the Marxism of Karl Marx and Friedrich Engels on revolutionary developments in China The work covers the period from the first appearance of the Chinese Communist Party under Mao Zedong until its full transformation by Deng Xiaoping into a nationalist developmental single party developmental dictatorship      Maurice Dobb T. Shenk,2013-12-17 This book explores the life of the man whom even his critics acknowledged was one of the world s most significant Communist economists From his outpost at the University of Cambridge where he was a protégé of John Maynard Keynes and mentor to students Dobb made himself into one of British communism s premier intellectuals      *Research in Political Economy* Paul Zarembka,1987 This volume is specifically dedicated to developments in Marxist theory It includes an article on Marxist class analysis and radical social theories which covers class structure and analysis social feminism and Marxist analyses of the position of women An article on economic structure and technological change covers the social organization of learning science and economic forms of technological change innovative costs demand and evolution new product developments and the universality of technological change in capitalism Also included in the volume is a history of exploitation and racial inequality in the US economy covering non exploitation approaches to racial inequality and

domination and segregation a study of Lenin and the socialist transition in Russia and Maurice Dobb's research on the Marxist and Smithian interpretation of the transition to capitalism      **Foundations of Radical Political Economy** Howard J Sherman, 2020-02-13 First published in 1987 Similar in content to Sherman's previous book *Radical Political Economy* it covers most of the same issues and reaches the same overall conclusion in favour of democracy and socialism Many of the analyses and conclusions on particular subjects however have changed because of the flood of new literature in every area of radical political economy and because the world has changed The most important issue is the prevention of nuclear war

**Socialism, Economics and Development (Routledge Revivals)** Alec Nove, 2012-11-12 First published in 1986 this text brings together a selection of papers written by the great Alec Nove on development economics Marxist economies the Soviet economy and law and politics in the Soviet Union Reflecting the varied and diverse interests of its distinguished author the topics range from Soviet constitutional law to Trotsky's view of collectivization from a critique of conventional micro economics to the economic disaster of the Allende regime in Chile The author's long standing immersion in the past and present of the Soviet Union helps to provide the unique insights into the workings of Socialist economies characteristic of Professor Nove's previous work This volume should be essential reading for anyone interested in development economics socialist economies or the problems facing contemporary Soviet economic reformers      **Bibliography of European**
