Consequences Nancy Carson,2018-02-08 *The Fallen Woman in Christina Rossetti's "Goblin Market"* Michelle Blum,2021-09-28 Essay from the year 2016 in the subject English Language and Literature Studies Literature grade 13 University of Sheffield language English abstract This essay explores how Goblin Market deals with the concept of the fallen woman personified in both Jeanie and Laura In Victorian times one of the virtues associated with the ideal middle and upper class woman the so called angel in the house was chastity Women who lost their virtue out of wedlock or had sexual relations with a man other than their husband were considered fallen woman For these women finding a suitable husband was usually out of the question They could try to find a job and in the worst case ended up as prostitutes Christina Rossetti helped reintegrate fallen women into society Nevertheless Rossetti probably did not think that women should have the same sexual freedom as men Many of her works deal with innocence and temptation and the consequences of becoming a fallen woman In this essay it shall be explained how Goblin Market deals with the concept of the fallen woman personified in both Jeanie and Laura

The Fallen Woman in the Nineteenth-Century English Novel George Watt,2016-07-22 A sympathetic view of the fallen women in Victorian England begins in the novel First published in 1984 this book shows that the fallen woman in the nineteenth century novel is amongst other things a direct response to the new society Through the examination of Dickens Gaskell Collins Moore Trollope Gissing and Hardy it demonstrates that the fallen woman is the first in a long line of sympathetic creations which clash with many prevailing social attitudes and especially with the supposedly accepted dichotomy of the two women This book will be of interest to students of nineteenth century literature and women in literature

Victorian Transformations Bianca Tredennick, 2016-02-24 Proposing the concept of transformation as a key to understanding the Victorian period this collection explores the protean ways in which the nineteenth century conceived of responded to and created change The volume focuses on literature particularly issues related to genre nationalism and desire For example the essays suggest that changes in the novel s form correspond with shifting notions of human nature in Victor Hugo s Notre Dame de Paris technical forms such as the villanelle and chant royal are crucial bridges between Victorian and Modernist poetics Victorian theater moves from privileging the text to valuing the spectacles that characterized much of Victorian staging Carlyle s Past and Present is a rallying cry for replacing the static and fractured language of the past with a national language deep in shared meaning Dante Gabriel Rossetti posits unachieved desire as the means of rescuing the subject from the institutional forces that threaten to close down and subsume him and the return of Adelaide Anne Procter s fallen nun to the convent in A Legend of Provence can be read as signaling a more modern definition of gender and sexuality that allows for the possibility of transgressive desire within society The collection concludes with an essay that shows neo Victorian authors like John Fowles and A S Byatt contending with the Victorian preoccupations with gender and sexuality
