James G. Crossley

Date Of Marks Gospel:

The Date of Mark's Gospel James G. Crossley, 2004-06-15 This book argues that Mark's gospel was not written as late as c 65-75 CE but dates from sometime between the late 30s and early 40s CE. It challenges the use of the external evidence such as Irenaeus and Clement of Alexandria often used for dating Mark, relying instead on internal evidence from the gospel itself. James Crossley also questions the view that Mark 13 reflects the Jewish war, arguing that there are other plausible historical settings. Crossley argues that Mark's gospel takes for granted that Jesus fully observed biblical law and that Mark could only make such an assumption at a time when Christianity was largely law observant and this could not have been later than the mid 40s, from which point on certain Jewish and gentile Christians were no longer observing some biblical laws e.g. food Sabbath.

Rethinking the Dates of the New Testament Jonathan Bernier, 2022-05-03 This paradigm shifting study is the first book length investigation into the compositional dates of the New Testament to be published in over forty years. It argues that with the notable exception of the undisputed Pauline Epistles most New Testament texts were composed twenty to thirty years earlier than is typically supposed by contemporary biblical scholars. What emerges is a revised view of how quickly early Christians produced what became the seminal texts for their new movement.

The Gospel of Mark and the Roman-Jewish War of 66-70 CE Stephen Simon Kimondo, 2018-07-19 This book interprets Mark's gospel in light of the Roman Jewish War of 66-70 CE. Locating the authorship of Mark's gospel in rural Galilee or southern Syria after the fall of Jerusalem and the temple and after Vespasian's enthronement as the new emperor, Kimondo argues that Mark's first hearers, people who lived through and had knowledge of the important events of the war, may have evaluated Mark's story of Jesus as a contrast to Roman imperial values. He makes an intriguing case that Jesus' proclamation as the Messiah in the villages of Caesarea Philippi set up a deliberate contrast between Jesus's teaching and Vespasian's proclamation of himself as the world's divine ruler. He suggests that Mark's hearers may have interpreted Jesus' liberative campaign in Galilee as a deliberate contrast to Vespasian's destructive military campaigns in the area. Jesus's teachings about wealth, power, and status while on the way to Jerusalem may have been heard

as contrasts to Roman imperial values hence the entire story of Jesus may have been interpreted an anti imperial narrative

The Date of Mark S Gospel Hyun Chul Won,2009 This thesis attempts to find a date and general context for Mark s gospel Scholars are in general agreement that this is the earliest of the gospels and thus of key importance for our dating of the other Synoptics and valuable for New Testament chronology generally The focus of my study is Mark 13 the so called eschatological passage of Mark Unlike other scholars I have concentrated less on trying to locate a single set of historical circumstances against which to date it While it is true that Mark is not a mere copy and paste compiler of transmitted traditions and that his editorial work is likely to reflect the circumstances in which he worked I argue that existing scholarly attempts at identifying these circumstances have failed to produce a firm consensus Rather I attempt to locate Mark s eschatology within the context of evolving early Christian eschatological expectations as found in other New Testament documents for which more secure datings have been proposed
