[AI for Gig Workers](#) Saiph Savage, Pamela Cerdeira, Liliana Savage, 2026-03-27. A new AI-powered compass for freelancers, gig workers, and contractors trying to navigate the gig economy. For many of us, working is no longer characterized by traditional employment contracts with all their built-in protections and benefits, 9 to 5 schedules, and in-person workplaces. If you're a gig worker, freelancer, or contractor, you're probably more likely to experience confusing digital platforms, unpredictable income, inconsistent workloads, and confusing career paths. It's not all bad, but it's a complicated way to earn a living. *AI for Gig Workers: Essential Strategies to Transform Your Freelance Career* is a one-of-a-kind strategy guide for gig workers, freelancers, and independent contractors interested in transforming the way they navigate the gig economy. It explains how to use the latest commercially available artificial intelligence-powered tools to solve common, serious, and even just plain annoying problems faced by workers in the new world of work. The authors walk you through how to elevate your personal brand, lower your overhead, and avoid scams and common timewasters with AI tech that's easy to implement immediately in your solo operation or small business. You'll find hands-on exercises and real-world examples of the techniques discussed inside that illustrate exactly how they work. Inside the book: A powerful combination of coherent gig work strategy and granular, hands-on solutions for the most grating freelance problems. Specific techniques for implementing useful AI personal assistants that handle repetitive, time-consuming tasks. How to write clear, structured prompts that will 10x your generative AI results in fields like writing, marketing, analysis, and automation. Perfect for everyone in the non-traditional labor market. *AI for Gig Workers* is a detailed and reality-tested roadmap for freelancers, gig workers, and contractors interested in maximizing their income, taking control of their schedule, and refocusing on the rewarding and creative aspects of their chosen profession.

Automated Accounting Systems and Procedures Handbook Douglas A. Potter, 1991-07-03. Automated accounting systems are responsible for the movement of billions of dollars every day. Describes the most advanced accounting systems, related support technologies, and procedures in use today and explains how they work using non-technical terms and definitions. Numerous charts, tables, and examples prove extremely helpful. To accommodate small business needs, it provides a practical look at automation, demonstrating features generally automated in large corporations and explains how they may be used in different ways or not used at all by smaller companies.
