E.L. Doctorow's Skeptical Commitment Michelle M. Tokarczyk, 2000 This book gives a political reading of E L Doctorow's fiction For Doctorow there was a tension between the ideals of his socially aware family and those of the new critics under whom he studied as an undergraduate This tension making him skeptical about the possibilities of political involvement has been beneficial because it has enabled Doctorow to avoid the excesses of both polemical writing and formalism Through a stance Tokarczyk terms skeptical commitment he has written political fiction of high literary quality In part he has done so by adapting genres such as the western and the romance Furthermore Doctorow has used experimental techniques to express political and historical themes thereby writing a kind of postmodern fiction that still maintains the possibility of establishing some truths while acknowledging indeterminacy
