Bimal In Bog:

Bimal in Bog Krishna Baldev Vaid, 1972 *Krishna Sobti's Views on Literature and the Poetics of Writing* Rosine-Alice Vuille, 2022-10-03 How does a writer discuss her creative process and her views on a writer's role in society? How do her comments on writing relate to her works? The Hindi writer Krishna Sobti (1925-2019) is known primarily as a novelist. However, she also extensively wrote about her views on the creative process, the figure of the writer, historical writing, and the position of writers within the public sphere. This study is the first to examine in detail the relationship between Sobti's views on poetics as exposed in her non-fictional texts and her own literary practice. The writer's self-representation is analysed through her use of metaphors to explain her creative process. Sobti's construction of the figure of the writer is then put in parallel with her idiosyncratic use of language as a representation of the heterogeneous voices of her characters and with her conception of literature as a space where time and memory can be held. At the same time, by delving into Sobti's position in the debate around women's writing, especially through the creation of a male double, the failed writer Hashmat, and into her views on literature and politics, this book also reflects on the literary debates of the post-Independence Hindi literary sphere.

Indian English and 'Vernacular' India Paranjape, Makarand R., Prasad, G. J. V., 1900 *Indian English and Vernacular India* examines the uneasy relationship of English with Indian languages by tracing its lineage in the country and reassessing its character in the age of globalization. The book promotes a symbiotic multilingualism that would enable the consolidated presence of English and Indian languages in the world's largest democracy. This volume will be of interest to researchers and students of literature, language, resource studies, Indian writing in English, media studies, culture studies, and sociolinguistics. *The Book Review*, 2003. *The Routledge Encyclopedia of Indian Writing in English* Manju Jaidka, Tej N. Dhar, 2023-09-29 Today Indian writing in English is a field of study that cannot be overlooked. Whereas at the turn of the 20th century writers from India who chose to write in English were either unheeded or underrated, with time the literary world has been forced to recognize and accept their contribution to the corpus of world literatures in English. Showcasing the burgeoning field of Indian English writing, this encyclopedia documents the poets, novelists, essayists, and dramatists of Indian origin since the pre-independence era and their dedicated works. Written by internationally recognized scholars, this comprehensive reference book explores the history and development of Indian writers, their major contributions, and the critical reception accorded to them. *The Routledge Encyclopedia of Indian Writing in English* will be a valuable resource to students, teachers, and academics navigating the vast area of contemporary world literature.

[India in Translation Through Hindi Literature](#) Maya Burger, Nicola Pozza, 2010 What role have translations from Hindi literary works played in shaping and transforming our knowledge about India? In this book, renowned scholars, translators, and Hindi writers from India, Europe, and the United States offer their approaches to this question. Their articles deal with the political, cultural, and linguistic criteria germane to the selection and translation of Hindi works, the nature of the enduring links between India and Europe, and the

reception of translated texts particularly through the perspective of book history More personal essays both on the writing process itself or on the practice of translation complete the volume and highlight the plurality of voices that are inherent to any translation As the outcome of an international symposium held at the University of Lausanne Switzerland in 2008 India in Translation through Hindi Literature engages in the building of critical histories of the encounter between India and the West the use and impact of translations in this context and Hindi literature and culture in connection to English post colonial power literature and culture
