Calor Tan Cercano:

Un calor tan cercano Maruja Torres, 2005 Una historia pequeña e intensa sobre la iniciación a la complejidad de vivir del aprendizaje del amor y los tortuosos y ocultos senderos que conducen hacia la compasión Algunas novelas son como los remordimientos se abren paso sin que la voluntad del autor pueda impedirlo Un calor tan cercano en principio ni se iba a titular así ni iba a tratar de lo que trata El tema de la infancia sólo aparece en la medida en que justificaba el comportamiento adulto de la protagonista Poco a poco sin embargo igual que en mi ficción Manuela se ve obligada a retroceder más de tres décadas para llegar a la etapa final de su viaje para ponerse en paz yo sentí que era ésta y no otra la novela que tenía que escribir para saldarme a mi vez mis propias cuentas Uno escribe al menos yo lo hago para dotar de sentido a lo que no lo tuvo y para inventar lo que a la vida se le olvidó Para ordenar el caos New Approaches to Translation, Conflict and Memory Lucía Pintado Gutiérrez, Alicia Castillo Villanueva, 2018-10-10 This interdisciplinary edited collection establishes a new dialogue between translation conflict and memory studies focusing on fictional texts reports from war zones and audiovisual representations of the Spanish Civil War and the Franco Dictatorship It explores the significant role of translation in transmitting a recent past that continues to resonate within current debates on how to memorialize this inconclusive historical episode The volume combines a detailed analysis of well known authors such as Langston Hughes and John Dos Passos with an investigation into the challenges found in translating novels such as *The Group* by Mary McCarthy considered a threat to the policies established by the dictatorial regime and includes more recent works such as *El tiempo entre costuras* by María Dueñas Further it examines the reception of the translations and whether the narratives cross over effectively in various contexts In doing so it provides an analysis of the landscape of the Spanish conflict and dictatorship in translation that allows for an intergenerational and transcultural dialogue It will appeal to students and scholars of translation history literature and cultural studies **A Companion to the Twentieth-century Spanish Novel** Marta E. Altisent, 2008 The Spanish novel in a turbulent century This collection of studies by eighteen prominent theorists and critics offers a diverse panorama of the modern Spanish novel seen through the prism of Spain's recent political cultural and ideological history It considers the development of the novel as a social mirror and as a changing literary form torn between the tradition of stern realism and the aesthetics of rupture affecting all Western literature from the Avant Garde to the Postmodern age While some essays emphasise the Spanish cultural context and canonical writers others are of a broader nature grouping lesser known writers under certain literary tendencies the metaphysical novel the urban novel recuperative accounts of the Civil War feminine first person narrations and the rise of the popular detective historical and erotic novels Three studies address the resurgence of the Catalan Basque and Galician novel and their departure from a poetics of identity to one of global concerns Interdisciplinary approaches address the reciprocal impacts of literature and cinema and the effects of the marketplace on the consumption of fiction are not forgotten The Companion provides ample bibliographies and a valuable

Spanishness in the Spanish Novel and Cinema of the 20th - 21st Century Cristina Sánchez-Conejero,2009-10-02 Spanishness in the Spanish Novel and Cinema of the 20th 21st Century is an exploration of the general concept of Spanishness as all things related to Spain specifically as the multiple meanings of Spanishness and the different ways of being Spanish are depicted in 20th 21st century literary and cinematic fiction of Spain This book also represents a call for a re evaluation of what being Spanish means not just in post Franco Spain but also in the Spain of the new millennium The reader will find treatments of some of the crucial themes in Spanish culture such as immigration nationalisms and affiliation with the European Union as well as many others of contemporary relevance such as time memory and women studies that defy exclusivist and clear cut single notions of Spanishness These explorations will help contextualize what it means to be Spanish in present day Spain and in the light of globalization while also dissipating stereotypical notions of Spain and Spanishness

Días de lluvia Montserrat Lunati,2018 Writers publishers readers and scholars have stopped apologising for the short story the genre is no longer a bad investment a trial exercise for a novel or a minor entertainment as demonstrated by exceptional writers with an almost exclusive dedication to it such as Jorge Luis Borges Alice Munro Quim Monz or Cristina Fern ndez Cubas With deep roots in classic and medieval literatures and great achievements in the nineteenth and twentieth centuries the genre of the short story which benefits from the linguistic tightness of poetry and the narrative comforts of the novel has finally been recognised as having a hybrid identity of its own This volume re edits and expands a previous bilingual collection published in 1997 The first edition included stories by twelve writers Pilar Cibreiro Cristina Fern ndez Cubas Paloma D az

Mas Adelaida Garc a Morales Lourdes Ortiz Laura Freixas Marina Mayoral Mercedes Abad Rosa Montero Maruja Torres Soledad Pu rtolas and Mar a Eugenia Salaverri The present edition adds another four Nuria Amat Juana Salabert Luisa Castro and Berta Mars The stories gathered in this second edition were written between 1980 and 2010 and testify to the richness and vitality of women s writing in contemporary Spain With the original texts in Spanish as well as facing page English translations an Introduction notes and bio bibliographical information on each author this volume is a useful tool for students of the Spanish language and culture at all levels It includes a selection of secondary reading on Spanish women writers and a selection of anthologies of Spanish short stories since 1997

Mother & Myth in Spanish Novels Sandra J. Schumm, 2011-08-16 What if the goddess Athena who sprang fully grown from Zeus s head and denied she had a mother became aware of the compelling existence of her other parent What if she discovered that her mother Metis first wife of Zeus and wiser than all gods and mortal men according to Hesiod was swallowed by her father and continued to impart her wisdom to him from inside his belly Recent Spanish novels by women parallel this hypothetical situation based on Greek myth by featuring female protagonists who obsessively re examine the lives of their mothers seeking to know and understand them In Mother and Myth in Spanish Novels Sandra J Schumm examines six narratives by Spanish authors published since 2000 that focus on a daughter s search to know more about her matriarchal heritage Carme Riera s *La mitad del alma* Luc a Etxebarria s *Un milagro en equilibrio* Rosa Montero s *El coraz n del t rtaro* Cristina Cerezales s *De oca a oca* Mar a de la Pau Janer s *Las mujeres que hay en m* and Soledad Pu rtolas s *Historia de un abrigo* In each of these novels the protagonist realizes that failure to integrate the loss of her mother into her life results in the inability to define her self Without valorization of the maternal subject the legacy of the daughter is at risk she is also objectified and swallowed and the whole society suffers The daughters attention to their mothers in these novels is as if Athena had finally recognized that her mother Metis had been ingested by Zeus The myth of Metis and Athena becomes a metaphor of the daughter s quest toward wholeness and individuation in these works she begins to understand that her maternal legacy is a source of wisdom that has been obscured These novels by Spanish women strengthen the mother s voice rescue her from anonymity and rewrite the matriarchal archetype
