Called To Be:

Called to Be Sent Anthony J. Gittins CSSp, 2018-02-13 The gospel tells us to look into other people's eyes as we search for an image of God to help us work for healing justice amid the rubble and the memories that litter our lives to rebuild a human world on the debris of broken dreams and to commit ourselves as God does to restoring communities so that there will be no more estrangement no more strangers and no more aliens It is only a little less than impossible and the only way we can do it is to learn to love the world as God already does It's simply not possible to love in theory we must go further than that We must love in practice We must practice in love That is the disciple's call *Called to Be Sent* develops and completes the theology of discipleship introduced in the author's previous books This new volume focuses on sending forth the phase that follows our radical encounter with humanity Here we find the hope and strength to move from an understanding of mission to actually being commissioned by Jesus In short as Christians we are gathered for scattering and called to be sent and this book provides much direction
