

10 tips to starting a blog on your recruitment website

recwebbs.com

1 Answer common questions

Put yourself in a candidate's shoes. What would you want advice on? Or, on the flip side, what is the advice that you wish you could give to every candidate out there?

3 Think carefully about your title

Creating concise, relevant titles will help your page to be found by search engines. You also want to make your title stand out and lure visitors into reading the body of the blog so include words that will grab attention.

5 Include images and graphics

A blog without a single image is likely to deter visitors. A great visual helps to draw interest and aid understanding. If you have any graphics to help readers understand your content insert those into the main body where relevant.

7 Link to external sources

Providing links to relevant external articles on reputable websites will lend authority to your blog, show that you're well informed, and give visitors extra information.

9 Proofread before you publish

Spelling mistakes and typos make it harder for visitors to read your content, can tarnish your brand reputation and Google won't pick up words that aren't spelled correctly so check, check and then check again before you publish.

2 Demonstrate industry knowledge

Share your expertise and knowledge in the industry or industries you recruit for. Become known as a thought leader within that industry. Your goal here is to demonstrate that you know your industry inside out.

4 Keep it concise

Brevity is key when it comes to blogs – not many have the time or the inclination to read an essay on a screen. People are quick to click away when faced with a wall of text that demands lots of scrolling.

6 Insert keywords subtly

Keywords are important to help Google understand your content and index it appropriately, thereby allowing people to find it, but they mustn't be used at the expense of the readability of your blog.

8 Encourage comments

Encouraging interaction is a great way to kick-start communication with potential or current clients and candidates.

10 Ensure your blog is seen

You could write the most interesting and informative article in the world but if it's not seen, it's useless. Ensure the navigation bar on your website makes it clear where to find your blog page.
