Artist Potters Now:

Folk Art Potters of Japan Brian Moeran, 2013-12-19 This is a study of a group of potters living in a small community in the south of Japan and about the problems they face in the production marketing and aesthetic appraisal of a kind of stoneware pottery generally referred to as mingei or folk art It shows how different people in an art world bring to bear different sets of values as they negotiate the meaning of mingei and try to decide whether a pot is art folk art or mere craft At the same time this book is an unusual monograph in that it reaches beyond the mere study of an isolated community to trace the origins and history of folk art in general By showing how a set of aesthetic ideals originating in Britain was taken to Japan and thence back to Europe and the United States as a result of the activities of people like William Morris Yanagi So etsu Bernard Leach and Hamada Sho ji this book rewrites the history of contemporary western ceramics

The Art of Contemporary American Pottery Kevin A. Hluch, 2001-08-01 Beauty will always reside in the eye of the beholder but what about the fine line between beauty and functionality Can a purely utilitarian form such as a simple pot vase or plate truly be considered a great work of art In *The Art of Contemporary American Pottery* author Kevin A Hluch takes up the challenge of addressing this debate Hluch who examines pottery from a unique perspective as historian scholar and connoisseur finds as much meaning and nobility in a thoughtfully crafted clay vessel as he does in a masterpiece painting There are many reasons why a good pot is a good pot Some reasons are obvious Some are subtle Some only reveal themselves when you know how to look With the help of more than 200 beautiful color photos featuring the world of the country's best utilitarian potters and a lengthy list of artists and galleries Hluch does more than just talk about how great pottery is made He talks about what makes great pottery

A Potter's Companion Ronald Larsen, 1993 A collection of literature essays stories poems about the fascinating history aesthetics and philosophy behind making pots or any other works by hand

[American Art Pottery](#) Alice Cooney Frelinghuysen, Martin Eidelberg, Adrienne Spinozzi, 2018-09-25 p p1 margin 0 0px 0 0px 0 0px 0 0px font 14 0px Verdana At the height of the Arts and Crafts era in Europe and the United States American ceramics were transformed from industrially produced ornamental works to handcrafted art pottery Celebrated ceramists such as George E Ohr Hugh C Robertson and M Louise McLaughlin and prize winning potteries including Grueby and Rookwood harnessed the potential of the medium to create an astonishing range of dynamic forms and experimental glazes Spanning the period from the 1870s to the 1950s this volume chronicles the history of American art pottery through more than three hundred works in the outstanding collection of Robert A Ellison Jr In a series of fascinating chapters the authors place these works in the context of turn of the century commerce design and social history Driven to innovate and at times fiercely competitive some ceramists strove to discover and patent new styles and aesthetics while others pursued more utopian aims establishing artist communities that promoted education and handwork as therapy Written by a team of esteemed scholars and copiously illustrated with sumptuous images this book imparts a full understanding of American art pottery while celebrating the
