Artists In Their World Claude Monet:

Claude Monet Susie Hodge,2002 Uncovering the life and times of some of the most important and influential artists of the modern world each title in this series focuses on one artist exploring their life and work in the context of world events

The Met Claude Monet Amy Guglielmo,2022-07-12 See the world through Claude Monet s eyes and be inspired to produce your own masterpieces Have you ever wondered exactly what your favourite artists were looking at to make them draw sculpt or paint the way they did In this charming ebook version of illustrated series of books to keep and collect created in full collaboration with The Metropolitan Museum of Art you can see what they saw and be inspired to create your own artworks too In What the Artist Saw Claude Monet meet the famous French painter Step into his life and learn how he pioneered the Impressionist movement Learn all about his love of nature and how he was inspired to paint light water and waterlilies Have a go at producing your own art inspired by what you find most beautiful about nature In this series follow the artists stories and find intriguing facts about their environments and key masterpieces Then see what you can see and make your own art Take a closer look at landscapes or even yourself with Vincent van Gogh Try crafting a story in fabric like Faith Ringgold or carve a woodblock print at home with Hokusai Every ebook in this series is one to treasure and keep perfect for budding young artists to explore exhibitions with then continue their own artistic journeys *History's Greatest Artists* Charles River Editors,2017-11-09 Includes pictures of Monet and his most famous art Includes Monet s quotes Includes online resources and a bibliography for further reading Includes a table of contents Everyone discusses my art and pretends to understand as if it were necessary to understand when it is simply necessary to love Claude Monet To get a sense of the kind of prestige that Claude Monet s reputation has within the art world one need only learn that his *Le Bassin Aux Nymphes* 1919 from his series of paintings featuring water lilies sold for the equivalent of more than 70 million This is an incredibly staggering price especially considering that early in his life Monet had been so poor and debt ridden that some of his paintings were taken from him by creditors How exactly did Monet progress from being an impoverished young Impressionist artist working at the vanguard of European art to the legendary Master whose works command prices near the very pinnacle of the art world Naturally Monet s commercial success soared exponentially in the decades following his death in 1926 at a time in which the prices commanded by the great Masters of Western art began rising in price at exponential rates Yet even during his own lifetime Monet enjoyed a sharp rise to fame and was canonized as one of the greatest painters in France Following sharply in the footsteps of Edouard Manet Claude Monet was one of the first painters identified within the Impressionist circle indeed it was Monet himself who coined the label of Impressionist after using it in the title of one of his paintings Where some artists reach the peak of their acclaim early in life Monet s star continued to rise even throughout his old age although some would argue that the last decade or so of his life were anticlimactic at least from an artistic standpoint his landmark water lilies were made during his elderly years And even though Monet would continue to paint well

after the canonical period of Impressionism had ended his name was and remains synonymous with Impressionism along with cherished acquaintances of his including such luminaries as Pierre August Renoir Camille Pissarro and Edouard Manet Simply put Monet is a monumental figure when it comes to examining Western art during the second half of the 19th century Like many other great artists Monet's artistic style developed in tandem with the unfolding changes in his personal life and the professional relationships he maintained His upbringing was in certain respects unremarkable at least before the premature death of his mother but it was during his childhood that Monet cultivated his passion for painting and even during that time that he met certain artists who would prove instrumental in the nurturing of his prodigious talents Whether or not Monet was the most brilliant or gifted of the Impressionists is a matter of opinion but either way his abilities were molded by his upbringing his temperament and personality his formal style and his standing within the Parisian art world History's Greatest Artists The Life and Legacy of Claude Monet looks at the personal background that led to him becoming an artist and the cultural climate in which he rose to fame Monet's formal technique and artistic legacy are also analyzed including his working methods and artistic education Along with pictures of important people places and events you will learn about Monet like never before in no time at all

Painting Masterclass Susie Hodge, 2019-05-28 Like having 100 of the world's greatest painters at your side giving you their own personal tips and advice Painting Masterclass examines 100 paintings from art history the way they were made what they do well and how and what we can learn from them Throughout the history of painting one of the best ways in which many great painters have developed their own personal approaches has been by copying other artists work Learning from great artists helps to encourage a discerning eye as well as an understanding of colour materials and perspective and can inspire further innovation With the detailed analyses and instructive creative tips sections in this book you can learn how to convey movement like Degas apply acrylic like Twombly and command colour like Matisse With paintings comprising a broad variety of styles approaches and materials the book studies the techniques of many of the greatest painters who have worked across the globe from the 15th to the 21st centuries using watercolour gouache tempera fresco oils encaustic and mixed media including Titian Francisco Goya Gustave Courbet Georges Seurat Edvard Munch Paul Gauguin Gustav Klimt Amedeo Modigliani Jenny Saville Caravaggio Egon Schiele Michelangelo Buonarroti Paul Klee Claude Monet Edward Hopper Georgia O'Keeffe Leonardo da Vinci Marlene Dumas Mary Cassatt Frida Kahlo Marc Chagall Sandro Botticelli and Jackson Pollock Perfect for students as well as professional painters and with a broad historical and global reach this book is an indispensable introduction to the rich history and practice of painting Organized by genre nudes figures landscapes still lifes heads fantasy and abstraction Includes practical tips and advice allowing you to weave some of the great artists magic into your own work Selected masterpieces serve as perfect examples of a particular quality in painting light and shade rhythm form space contour and composition are all covered in detail Explores each artist's creative vision describing how they made the artwork Use it as a guide a confidence booster a

workbook a companion or simply admire the paintings

Uncovering the History of Children's Drawing and Art Donna Kelly, 2004-01-30 Reactions to children's artwork have varied throughout different times and places Donna Darling Kelly is calling for a more joyful appreciation of our youngest artists She presents the dichotomy of the Mirror and Window paradigms First she explains the Mirror paradigm which art educators psychologists and art historians use it is a psychological focus on children's art It can be defined as the ability of the child to represent images of something other than the object itself Psychologists who believe in this theory are interested in the self-reflective qualities of children's drawing as they relate to language intelligence and cognitive development The opposing Window paradigm is an aesthetic perspective followed by people working in the arts The subscribers to this theory see children's art as an objective reproduction of reality that carries all of the meaning with the image The act of representation is the ultimate goal in this model not the truth behind the goal Darling Kelly would like to see the interested parties in the field of children's art placing less emphasis on the prevailing Mirror paradigm and embrace the Window paradigm Art educators often feel sidelined because subjects such as science and mathematics are requisites while art remains at best an elective Art is often classified as a sub-discipline concerned primarily with therapeutic areas An unwanted effect of the Mirror paradigm is the stereotypical psychological model of the artist as a hopelessly neurotic or troubled soul This volume is a call to arms for the aesthetic Window paradigm so that art as an autonomous discipline can gain stature in the curriculum of all children's schools
