As Handsome Does:

Melville's Folk Roots Kevin J. Hayes, 1999 Herman Melville's reputation as a great writer has gradually evolved throughout the 20th century. Tempered by studies that emphasize the Western literary tradition, literary appreciation for Melville's use of folklore has been slow in developing. This study focuses on Melville's immersion with and borrowing from oral traditions, both music and narrative, tall tale, humour, nautical folklore, superstition, and legend. The book also acts as a general introduction to Melville's work.

A Dictionary of Anglo-American Proverbs & Proverbial Phrases, Found in Literary Sources of the Nineteenth and Twentieth Centuries George B. Bryan, Wolfgang Mieder, 2005. *A Dictionary of Anglo-American Proverbs & Proverbial Phrases Found in Literary Sources of the Nineteenth and Twentieth Centuries* is a unique collection of proverbial language found in literary contexts. It includes proverbial materials from a multitude of plays, autobiographies of well-known actors like Britain's Laurence Olivier, songs by William S. Gilbert or Lorenz Hart, and American crime stories by Leslie Charteris. Other authors represented in the dictionary are Horatio Alger, Margery Allingham, Samuel Beckett, Lewis Carroll, Raymond Chandler, Benjamin Disraeli, Edward Eggleston, Hamlin Garland, Graham Greene, Thomas C. Haliburton, Bret Harte, Aldous Huxley, Sinclair Lewis, Jack London, George Orwell, Eden Phillpotts, John B. Priestley, Carl Sandburg, Harriet Beecher Stowe, Jesse Stuart, Oscar Wilde, and more. Many lesser-known dramatists, songwriters, and novelists are included as well, making the contextualized texts to a considerable degree representative of the proverbial language of the past two centuries. While the collection contains a proverbial treasure trove for paremiographers and paremiologists alike, it also presents general readers interested in folkloric, linguistic, cultural, and historical phenomena with an accessible and enjoyable selection of proverbs and proverbial phrases.

The Critical Difference Barbara Johnson, 1985-03. Barbara Johnson investigates the significant and illuminating ways in which both literature and criticism are critically different from what they purport to be. Her subtle and provocative studies of Balzac, Mallarmé, Baudelaire, Apollinaire, Melville, Poe, Barthes, Lacan, Austin, and Derrida take a refreshing new approach to the fundamental questions of meaning, interpretation, and the relationship between literature and criticism. In each of seven essays, a clear, precise, and detailed reading of the rhetoric of one of more literary or critical works reveals the text's fundamental discrepancies, ambiguities, and contradictions. If rhetoric is seen as language's capacity to differ from literal statement and if to differ can also mean to disagree, then the reading of the rhetoric of literature and theory here is an attempt to capture the logic of a text's own disagreement with itself.

Complete Works of Charles and Mary Lamb, Volume 4, 2025-02-28. I always arrive late at the office, but I make up for it by leaving early. Charles Lamb was employed full-time as a clerk in the City of London for most of his adult life; hence, his literary output is relatively small when compared with freelance contemporaries such as Thomas De Quincey or William Hazlitt. P. P. Howe's complete Hazlitt edition of the 1930s runs to twenty-one volumes. E. V. Lucas's 1903 edition of *The Works of Charles and Mary Lamb* has five. Nevertheless, what Lamb's oeuvre might lack in size, it more than makes up for in quality, both as a contributor

to the great Romantic conversation about art and life and as the English language's greatest familiar essayist Lamb is an indispensable figure This volume contains *Elia* 1823 and the *Last Essays of Elia* 1833 the essay collections for which he is best known It is the fourth volume in the *Complete Works of Charles and Mary Lamb* the first scholarly edition of their works in a century

A Dictionary of Proverbs Jennifer Speake, 2008-10-23 This unique and authoritative dictionary contains over 1 100 of the most widely used proverbs in English and uses research from the Oxford English Corpus the world's largest language databank This edition has been revised and fully updated and includes numerous entirely new entries It also features expanded coverage of foreign language proverbs currently in use in English With an emphasis on examples of usage including the earliest written evidence of its use this A-Z guide provides a thorough and fascinating history for every entry Arranged in A-Z format and with a useful thematic index *A Dictionary of Proverbs* is ideal for browsing and perfectly suited for quick reference Look up your old favourites learn punchy new expressions to get your point across and find the answer to that crossword clue Seeing is believing find proverbs relevant to every aspect of life in this entertaining and informative collection
